## RAILROADS BREAKING UNDER STRIKES

### TRAINS TAKEN OFF ONE ROAD

ash Says Shortage of Kentucky Coal Responsible

### SERVICE IS HAMPERED

igation by Postoffice Department Under Way

### AMVILLE, ILL. — (Associated Press)

— Fifty-four trains, six of which were entering Danville have been taken off the Wabash railway, it was announced here today. Officers here said the curtailment was due to lack of coal coming from Kentucky and not due to the strike.

### WASHINGTON — (Associated Press)

— The determination of the federal government to maintain transportation of mails and intercommunication during the railway men's strike failed to check the stream of reports to the post office department of interference by strikers with mail trains.

H. C. Crisler, superintendent of mail services at St. Louis, reported in a telegram to Postmaster General Work that 3,000 miles of railway mail service on the Wabash was not being operated. Crisler said that the fuel situation was the cause of the apparent inability of getting coal moved from foreign lines from the mines used by the road.

### ST. LOUIS — (Associated Press)

— The St. Louis and San Francisco railway company notified the department today that it had no intention of withdrawing mail trains. A further trouble was reported by the department from Springfield, Mo., where the strike had been reported to be improved.

### ST. LOUIS — (Associated Press)

— The postmaster general said he had instructed the superintendent of the railway mail service in Washington to have divisional inspectors go to all points where railroads reported disorders by strikers and make reports to Washington at once.

### ST. LOUIS — (Associated Press)

— In many instances, it was reported, inspectors had failed to report to the department by railway officials.

### ST. LOUIS — (Associated Press)

— Missouri and Louisiana, it was reported, had found a serious situation than had been reported to them.

### ST. LOUIS — (Associated Press)

— The post office department will, it was said, recommend drastic action by federal or state forces at points where inspectors have reported the facts as revealed.

### ST. LOUIS — (Associated Press)

— The office department at the post office general was prepared to lay out the president today a copy of report covering the entire situation relating to alleged interference with railway mail trains through the country as reported to the department by both railway officials and postal inspectors.

### ST. LOUIS — (Associated Press)

— The position of the government in the rail strike, will be outlined in a statement by President Harding tonight, it was learned at White House.

### ST. LOUIS — (Associated Press)

— His policy is understood to have been decided upon at the cabinet meeting this morning, when the industrial situation of the country because of the rail and railroad strikes was discussed.

### ST. LOUIS — (Associated Press)

— It is expected the president will make a statement that the United States mail must not be interfered with, that interstate commerce must move and that disorders and strikes will not be tolerated.

### ST. LOUIS — (Associated Press)

— The British attitude still favors an international loan to Germany as the basis of readjustment of reparations, but Lloyd George and his advisers have not yet decided whether to renew the suggestion to France for a revision of the reparations schedule.

### HORRORS! HERE'S ANOTHER STRIKE

CONSTANTINOPLE — (Associated Press) — Constantinople harem attendants have gone on a strike for more money and shorter hours. Many of the capital's finest harems have been left unguarded and their owners are trying distractedly to find suitable substitute for the strikers. Numbers of Russian refugees have volunteered their services, but it was found they were not fitted for the job.

### GERMANS PLEAD FOR MORE TIME

Financial Chaos Would Follow Refusal, Envoys Declare

### EXTENSION MAY BE GIVEN

Big Loan Sought—England Discusses Situation

PARIS — (United Press) — Financial chaos and the fall of the Wirth government may result if the allies refuse to grant Germany a two-year moratorium, the reparations commission was informed today by Germany's envoys.

The envoys, Herr Schroeder, undersecretary of the German finance department, and Herr Fischer, president of the war debts commission, warned allied representatives that Germany would face a crisis similar to that of Austria, if forced to pay the 50,000,000 gold marks due July 15.

Reparations commissioners discussed the German proposition and consulted leaders of their respective governments. It was generally believed here that some form of moratorium must be granted to Germany.

The situation created by Germany's request has revived talk of England's proposal for an international financial conference, in which the United States would be included.

The German government has accepted all the ententes' demands for the financial control of the nation. The acceptance of the various measures, including supervision of exports, opens the road for a loan from the Morgan bankers' committee, it is believed here.

To help relieve the present financial panic Germany wants a loan of 4,000,000,000 gold marks (\$1,000,000,000), and Secretary Bergmann, who is now in Paris, has been authorized to ask the reparations commission for this amount, according to reliable sources here.

This loan, coupled with a request for the immediate meeting of the Morgan bankers' committee, and arrangements for a moratorium, constitute Germany's plans for stabilization.

However, danger from the monarchists persists. This could be better fought if the coalition was strengthened by more Socialist parties joining, which would enable the government to clean out the monarchists from the army, police, militia, and courts, as well as wipe out the secret murder organizations.

A striking feature of the present situation is the fact that the republican members of the Reichstag are attending meetings, armed with revolvers. All have seen the monarchist murder list, and their names followed that of Foreign Minister Rathenau.

GERMAN CRASH WOULD PLUNGE EUROPE INTO SEVERE PANIC  
LONDON — (United Press) — With the German crash threatening to plunge the continent into the worst financial and political crisis since the war, Lloyd George today laid out the entire situation, which resulted in the collapse of the mark before his cabinet.

The action of Great Britain regarding the situation, which is admitted to be most critical, will be determined at the meeting.

The British expect the demoralization in Germany to grow unless the quickest remedial measures are taken, but it is emphasized in government circles that the outcome rests upon France to a large degree.

LOAN IS FAVORED  
The British attitude still favors an international loan to Germany as the basis of readjustment of reparations, but Lloyd George and his advisers have not yet decided whether to renew the suggestion to France for a revision of the reparations schedule.

Hope is seen by members of the cabinet that the present trend of Germany towards bankruptcy, which the British say is at least nine-tenths genuine, will act as a warning to impress France that modification of the reparations terms is necessary.

France will either favor coercive steps against Germany or will awaken to the realization that the only means of collecting from Germany is by moderating the reparations terms. It was believed here that Great Britain will probably await the reaction of France before taking decisive action.

The allied committee on guarantees is expected to arrive in Paris from Berlin tomorrow to report on Germany's financial status. Following this, Lloyd George hopes that Premier Poincare will come to London for a conference which would lead to a reparations showdown.

### TRIPLE FUNERAL

CLEVELAND — A triple funeral was held here for Manuel, Belle and Helen Moskovitz, brother and sisters who were swept from a trestle by a Lake Shore electric interurban car and killed.

### MOB DEFIED BY LONE WOMAN

CHICAGO — A mob of 1,500 was held at bay by Mrs. John Gabel, wife of a railway shopman who refused to go on strike, when it attacked her home here. Pistol in hand, Mrs. Gabel faced the mob. "You were all my friends, once," she said, "but I will shoot the next one of you who throws a stone."

The mob drew back and paused uncertainly. Then police squads arrived and dispersed it.

### STRIKE STATUS IS STALEMATE

### Train Service Near Normal—Shop Work Continues

Train service thru Lima was on a more nearly normal basis Tuesday than on any day since the strike of local shopmen went into full effect. Officials of three railroads affected declared.

Leaders among the striking workmen on the other hand, assert that their cause is gaining ground.

Train service over the Pennsylvania Lines thru Lima is practically normal, W. W. Crooks, agent declared. The company shops at Columbus, are still closed, he stated.

No effort has been made to open the shops, and Crooks is of the opinion no move will be made to do so at present.

Picketing of the B. & O., L. E. & W. and Pennsylvania by strikers continues night and day.

About 65 men are used daily in maintaining a night and day surveillance of the shops. Partial work at the B. & O. resumed Monday continues, officials declare. Crews at work are gradually being augmented, they say.

No arrests for trouble growing out of the strike have been made since its inception, Chief Thomas A. Lanier declared Tuesday. He stated that the situation is well in hand.

There are no police officers stationed near the shops, but officers on duty in the district visit the vicinity as frequently as possible.

### Elks Consider Proposed Big Brother Movement

ATLANTIC CITY, N. J. — (United Press) — A plan to act as big brothers to 1,500 poor boys and send them thru Europe came up at the opening of the Elks convention here today.

### MINE STRIKE MAY BE ARBITRATED

Acceptance of President's Plan Now Appears Probable

### MAY ASK FOR MODIFICATIONS

Speed in Decisions is Urged by the Government

WASHINGTON — (United Press) — A system of coal rationing will be necessary, if the coal miners and operators do not agree to resume mining operations within two or three weeks, a high official of the government in close touch with the situation said today.

Plans are now being drawn for a voluntary revival of the war-time conservation policies employed by the fuel administration and will be put into operation if the strike is long continued, it was learned.

WASHINGTON — (United Press) — Acceptance by the miners and operators of President Harding's proposal for arbitration of the nationwide mine strike now seems probable within a week.

Some modifications may be suggested, but it is not believed either side will go to make a flat rejection of the president's plea for arbitration.

At present the two warring factions seem to be sparring for time. Both sides are seeking information on some phases of Harding's proposal.

Operators are not very enthusiastic about submitting the dispute to a national coal commission, in accordance with their belief that wage scales should be framed upon the basis of district or sectional agreements.

It is believed the operators will wait until after the United Mine Workers give their decision Saturday and if it is favorable the operators will do likewise. The operators previously had stated they were willing to put their case in the hands of the government.

There is every indication that general trend of sentiment among the miners is swinging toward acceptance of the proposal, particularly since it provides for framing a national wage scale and for a federal commission to investigate coal production costs—two points which have been demanded by the workers.

MAY REPLY TOMORROW  
An acceptance from the anthracite operators may be given Wednesday. This group has favored arbitration for some time.

Meanwhile the government is urging miners and operators to consider the proposal with all possible speed, because of fast dwindling coal reserves which already have forced railroads to discontinue many trains.

By August 1, according to figures of the geological survey, the railroad coal situation will be acute and the transportation systems of the country badly crippled unless mining operations are resumed by that time.

Already many industries have felt the pinch of a shortage and reports state that in the midwestern states farmers cannot obtain enough coal to thresh their wheat.

### I. O. O. F. IN MEET

### Grand Encampment at Columbus—Officers Are Named

COLUMBUS — (Associated Press) — The Grand Encampment of the Independent Order of Odd Fellows opened here today. Mayor Thomas of Columbus, delivered the address of welcome and the response was made by Grand Patriarch Albert Keckler of Mansfield.

This evening a street parade will be held, to be followed later by a pageant.

Yesterday Major General Fred H. Hahn of Toledo, president of the department council of patriarchs militant, conferred the degree of chivalry upon eighteen new members, this degree being the highest any member of the auxiliary organization may receive.

### BATHING BEACHES ARE GUARDED AT CLEVELAND

CLEVELAND — Bathing beaches were being heavily guarded here today in an effort to prevent recurrence of accidents similar to the ones that took a toll of three lives yesterday.

Increasing hot weather gave an unusual lure to the waters of Lake Erie. Two orphan boys were seized with cramps and had gone down for the third time before help arrived. A man met death in a like manner at Gordon Park.

Several persons were being treated for heat prostration in local hospitals today, the first cases to be reported here.

### FARM HAND KILLED

WILLIAM KEEL SUSTAINS BROKEN NECK IN FALL  
COLUMBUS GROVE — (Special) — William Keel, 35, employed as a farm hand on the Jacob Yenner farm, northwest of Leipsic, was almost instantly killed when he fell from a hay mow while at his work Monday. His neck was broken.

Keel survived only two hours after the accident. He was the adopted son of Mr. and Mrs. Daniel Keel, Columbus Grove. His foster father is lying critically ill at the Keel home here, having suffered for many months from a complication of diseases.

The accident occurred in the same community in which Ralph Jackson, now a patient at City hospital, Lima, nearly lost his life Saturday when he fell from a hay mow onto a pitch fork. Jackson's farm lies only a short distance from the Yenner land.

### THEFTS ADMITTED

Boys Confess Taking Bicycles, Police Report  
Cleanup of a series of bicycle thefts in the city during the last several weeks is reported by police as the result of the arrest of two juveniles, Edward and Ernest Hall, aged 15 and 13 years respectively, residing at Albert-st. and the D. T. & I. Railroad.

Police say the boys confessed to the theft of seven bicycles, including one belonging to W. O. Lane, 128 Dana-av., reported stolen July 5.

Line did some sleuthing in his own behalf and informed police Monday he had the bicycle located. Motor Cop Keller went to the boys' home and arrested them. They had the bicycle, he said, and readily confessed to taking others.

The youths were turned over to juvenile authorities.

### NAVY RECRUITING ORDERED

WASHINGTON — After a year's suspension, recruiting for the navy under orders published today will be resumed. Sixty-five thousand men will have to enlist or re-enlist in the coming year in order to keep the navy up to the 86,000 men authorized under the naval appropriation bill.

### FEEL EFFECTS OF TWO WALKOUTS

Service Curtailed on Many Systems Thruout Country

### TROOPS STANDING GUARD

Violence Reported in Some Sections—U. S. Prepared

CHICAGO — (Associated Press) — Railroad signalmen definitely announced they would not join in the shopmen's strike.

D. W. Helt, head of the union, stated that he had accepted an agreement offered by the United States labor board, similar to the compromise position on which the maintenance of way union had called off their threatened strike.

### CHICAGO — (United Press)

Threatening to strangle the country's arteries between giant placers of shortage of man and coal power, the rail strike in its 11th day and the coal strike in its 102nd, closed inexorably upon the visibly weakening transportation systems of the United States today.

Curtailment of train service in New York, Illinois, Louisiana, Missouri and half a dozen other states, embargoes by carriers against shipment of livestock, notably in Kansas City and estimates by road officials that an average two months coal supply remained to keep wheels turning, emphasized imminence of a crisis.

With an attempt at settlement of the coal strike begun by the government, fear was that the railroad shop workers walkout would result in violence.

### TROOPS ON GUARD

Militia of seven states stood ready to act against the first sign of sabotage.

Shots were fired at troops in Bloomington, Ill., last night where strike pickets threatened "the show is about to start."

At Parsons, Kas., troops guarded shops where non-union men began operations. Requests for state assistance have been received from several other points by Governor Allen.

Dynamiting and shooting in connection with the railroad strike on the Southern Pacific at Newcastle, Calif., resulted in a call for troops by the carrier.

Rankers of striking railroad shopmen were held intact over the most critical period of the walkout thru support of the wives of the workmen, Bert M. Jewell, union chief, declared today.

Jewell said that none of the strikers returned to work on the expiration of the railroads' ultimatum that they would lose seniority and pension rights.

Railroads admitted but few came back.

STRIKE EFFECTIVE  
"Continuance of the strike 100 per cent effective is due to the powerful women's auxiliary to the shopmen's union," Jewell stated. "This is the most powerful and best organized women's auxiliary to any union in the world. We have been working on it for years and now its benefits can readily be seen."

Jewell also attributed to the influence of the women the practical cessation of rioting as far as the strikers were concerned. Little violence has been reported from any section of the country since Saturday. Railroads were finding it increasingly difficult to keep rolling stock in condition. Additional trains were being discontinued by many lines. Some roads operating into Chicago placed an embargo on all perishable freight, including livestock.

### U. S. IS PREPARED

WASHINGTON — (Associated Press) — The government stood ready today to take a hand in the suppression of all disorders arising from the strike of railway shopmen which interfere with transportation of the mails or the movement of interstate commerce. Appointment of a number of United States deputy marshals at points in the middle west where disorders have occurred already has been authorized by Attorney General Baugherty who declared this policy would be continued wherever justified and required. Law and order must be preserved, he said, property and life protected and the movement of mails and interstate commerce not interfered with.

### TROOPS ARE ASKED

SACRAMENTO, Calif. — (United Press) — Charging sabotage by striking railroaders and alleging they threatened to treat strike-breakers like they were treated at Herrin," western carriers called for troops and the aid of courts today.

Demand for soldiers to protect property and lives of workers was made by the Southern Pacific. Two water tanks were dynamited at Newcastle and William Westlake, a guard, was shot during disorders at Roseville.

Seventeen shots were fired at Westlake and other employees who were standing on the Southern Pacific.

## KIWANIANS QUIT CITY LOOP

Withdraw from Business Men's Baseball League

### PAINE ANNOUNCES DECISION

Action is Surprise to Players and Other Teams

Announcement was made at the Kiwanis club luncheon Tuesday that the club had withdrawn from the business men's baseball league and would play no more baseball games this season. The Kiwanis team is in second place in the league standing, one game behind Rotary.

No explanation was forthcoming from Clayton Paine, who made the announcement, as to the reasons for this action. It is understood, however, that eligibility disputes brought about the break.

A meeting of the managers of the clubs was held Monday to decide whether certain players desired by the Lions and the Elks would be permitted to play in the remaining games of the season.

Immediately following this meeting the managers announced they had agreed to permit the Lions and Elks to play the men they desired and all difficulties seemed cleared up.

### DECISION IS SURPRISE

As a result, the withdrawal of the Kiwanis came as a complete surprise to the other clubs and to the Kiwanis players. Paine would not give any reasons why the club had withdrawn, although he was a representative at recent meetings.

Possibility that Kiwanis baseball players will continue thru the remainder of the season in the league but not as a Kiwanis team, was seen Tuesday. Admission of the K. of C. team was also being contemplated.

Elks and Lions were scheduled to hook up in a game Tuesday afternoon, but rain caused the game to be postponed. It was desired to play a double header Thursday.

Unless the Kiwanis team continues unofficially in the league or the K. of C. club is invited to become a member, the league will be compelled to limp along on three legs for the remainder of the season.

## CHAMPION SIGNS

NEW YORK — (Associated Press) Champion Jack Dempsey and Harry Wills, thru their managers today signed a contract to box for the world's heavyweight championship at a time and place to be named later.

### B. & O. FIREMAN INJURED WHEN BLOWER PIPE BURSTS

Bursting of a blower pipe on the locomotive hauling B. & O. train No. 38 at Tontogany caused serious injuries to G. R. Collins, 39, a fireman, residing at 1114 N. West-st. The accident occurred Monday.

Flames and live coals were thrown into the cab of the engine and Collins' eyes and face badly burned. It is not believed by physicians that his eyesight will be permanently impaired.

Collins was given surgical attention at Tontogany and later removed to his home here.

### EXPLOSION OF GRENADES STIRS OHIO VILLAGE

CHILLICOTHE, O. — (United Press) — The little town of Hope-town, near Camp Sherman was in turmoil today as a result of the explosions of deteriorated hand grenades on the government property.

Complaints were made that many windows were broken by the concussion of the blasts. John McRoberts, farmer, complained that a bedroom clock was put out of commission by the explosions.

Sheriff Al Himmell has requested military authorities to set off the grenades in smaller quantities.

### WILKERSON NOMINATED TO BE FEDERAL JUDGE

WASHINGTON — James H. Wilkerson was nominated today by President Harding to be federal judge for the northern Illinois district succeeding former Judge Keneas M. Eandis who resigned several months ago to become arbitrator of organized baseball.

### STANLEY OBSEQUIES TO TAKE PLACE WEDNESDAY

Funeral services for Joseph A. Stanley, 727 E. Market-st., proprietor of Riverside hotel, who died Monday, will be held Wednesday at 2 p. m., at Bethany Lutheran church. Rev. W. S. Spayde, pastor, will officiate. Interment in Woodlawn cemetery.

Besides the widow, he is survived by a son, Clifford; three daughters, Mrs. Mont Reese, Mrs. Roy Ferguson and Mrs. E. Wilkes, all of Lima; four brothers, Thomas, John, and Charles, all of Lima, and Harry, of Dallas, Tex.; and three sisters, Mrs. Sarah Ebling, Dora; Mrs. Anna Pollock and Mrs. Howard Miller, both of Lima.

### MRS. KELKER DIES

DELPHOS — Mrs. John Kelker, 78, died at her home here from traumatic poisoning. Deceased was the mother of Mrs. Anna Cotner, 919 E. Market-st., Lima. Other daughters are Mrs. Joe and Mrs. Ralph Edwin of this city and Miss Lillian Sunderland, Columbus. She was twice married. She is survived by her husband.

## RAIN BREAKS UP HEAT WAVE

True to his promise, the weather man sent along cooler conditions Monday night and Tuesday, accompanied by showers of the threatening kind. Plenty of thunder and lightning, but little wind. No damage from the elements was reported from this section.

More showers and thunderstorms tonight and Wednesday is the program. It keeps Ted busy guessing whether 'twill be rain or shine and as a precaution he keeps a shower stick and overs handy.

Relief from torrid conditions is gratefully acknowledged by sweating humanity. There is general hope that cooler conditions will continue indefinitely.

cific platform at Roseville. The assailants fired from behind a fence and then escaped. Thomas Ahern, division superintendent immediately telephoned the governor's office for troops.

The Northwestern Pacific Railroad reported today that all hose had been cut and other property damaged done.

### NOT PREPARING FOR STRIKE

COLUMBUS, July 11.—Reports that Ohio national guard cavalry troops have been concentrated at Camp Perry for strike duty were denied today by the adjutant general's office.

The nine cavalry troops now at the camp, it was declared, are there only for the usual summer training. They will be succeeded at the camp by the 83rd infantry brigade from the northern part of the state.

Because of the strike, however, Adjutant General Florence is remaining at his office here in an effort to keep in close touch with the situation.

Quiet prevails thruout the strike territory, according to reports received by Florence today. Local authorities in the mine districts are taking every precaution to prevent disorders.

### SHEPHERD PROTESTS

SPRINGFIELD, ILL. — (Associated Press) — Sheriff Jacob Morrison of McLean-co called Adjutant General C. B. Black today to protest against the alleged shooting by the state troops sent in to protect the Chicago and Alton shops and workmen at Bloomington. "They are hitting the houses," the sheriff complained.

The strikers and members of other unions are planning a mass meeting in Bloomington this afternoon to adopt resolutions demanding that the troops be removed.

The entire body is planning to march on the city hall to present the demand to Mayor Edward E. Jones and there were open threats on the street this morning that if the mayor did not act he would be "run out of town."

CLEVELAND — "When the lives of crews and passengers are endangered because of faulty equipment, the big railroad brotherhoods will act."

This was the statement here today of William C. Lee, president of the Brotherhood of Railroad Trainmen and spokesman for the big brotherhoods.

Lee would not explain, however, what action would be taken except "We have told our members to operate trains as long as poor equipment does not endanger their lives or those of passengers." Lee said, "But when the lives of our members and passengers are at stake—well, the brotherhoods will act."

Lee said the railroads had been prompt so far in "investigating complaints of faulty equipment."

### R. J. SCHROEDER, DELPHOS MAN, DIES AT HOSPITAL

Rudolph John Schroeder, 67, father of Henry and Russell Schroeder, both of Delphos, died at City hospital, Tuesday, after an illness of six months. Death was due to blood poisoning.

Besides the two sons in Delphos, another son, Guy, resides in Marion. Surviving daughters are Mrs. Howard Lewis, Marion; Mrs. Abram Kelly, McComb; Mrs. E. A. Shaw, Anderson and Miss Edrice Schroeder, China.

Funeral arrangements have not been completed.

### INFANT MORRISON DIES OF BOWEL OBSTRUCTION

Betty Jane Morrison, two-year-old daughter of Mr. and Mrs. John Morrison, 820 Oak-st., died Tuesday at City hospital, following an illness from obstruction of the bowels.

The parents and two sisters, Catherine and Hazel, survive. Funeral services will be held Thursday at 10 a. m., at the residence. Rev. D. N. Kelly, pastor of Grace M. E. church, will officiate. Interment in Woodlawn.

### KNISELY IN HOSPITAL

Virgil Kniseley, 702 W. North-st., manager of the G. E. Blum dry goods store, is at St. Rita's hospital, where he was subjected to an operation Tuesday for removal of his tonsils. The operation was performed by his brother, Dr. Alan D. Kniseley, Lima.

### RECOVER FROM INJURY

## QUEST FOR GIRLS IS FRUITLESS

Believed County Charges Have Left the City

Two girls who fled from the Children's Home Sunday night are believed by authorities to have escaped from the city. The pair, Thelma Long and Daisy Kundio, each 17 years old, got away from a governess as they were strolling near the Home premises.

It was discovered by Superintendent Walters Monday that Miss Long had \$14.70 in the Citizens Loan and Building company which she drew out Saturday when he brought girls to the city, on their request, he said, that they desired to get some clothing from the Kundio girl's mother, who resides on N. Union-st., and the father of the other. He is an employee at the Solar Refinery.

When they returned to the Home, Walters said, the Long girl had a new pair of shoes, which he believes were purchased with money she drew out of the loan. It is believed she had between \$6 and \$7 left.

The girls talked with other children about Toledo, the superintendent said, leading to belief they struck out for that city. That theory, however, is not given credence by the Long girl's father, who believes they have gone to Minneapolis, where her mother resides.

They probably did not have money enough to reach either city and the superintendent reported he is looking for other sources from which they may have obtained money.

## Gussie Is Boss Cat Rancher Of New York City

NEW YORK — (United Press) — Gussie Rubin, the boss wrangler of the Bar None Cat Ranch, 2105 Second-av., is off the range today.

Gussie is in jail and a neighbor is providing the daily pan of milk for the herds of felines which swarm her fifth floor tenement animal ranch.

Not only is Gussie a champion cat wrangler. Her talents are as diversified as a chapter from the Arabian nights. She can act the society queen, religious devotee, or crippled, ragged beggar when she chooses. With an eye to business, she has visited half a dozen negro churches and three synagogues, receiving charity from all of them. One negro congregation has christened her "Child of God." Every evening she donned crutch and ragged garments and sold newspapers. A few hours later she changed her disguise with a lace shirt and fresh wardrobe and enjoyed night life along Second-av.

Now Gussie is considering her varied career in confinement while officers investigate her business and zoological eccentricities.

### SUIT FOR INSURANCE ECHO OF APRIL STORM

An echo of the tornado which swept over Allen-co April 17, was heard in common pleas court Tuesday when O. F. Marshall, Perry-tp brought suit to collect \$3,600 in insurance alleged to be due him on a policy held in the Ohio Mutual Tornado Co., of Columbus.

His house, barns and granaries were wrecked by the high winds. The buildings stood along St. Johns-rd south of Lima.

Marshall carried \$4,800 insurance on the property on a policy taken out two years ago. He alleges that the insurance company will not pay his loss.

He claims \$1,200 on the house, an equal sum on his barns and the remainder of the \$3,600 on granaries, furniture and implements.

### THOMPSON'S MEMORY TEST AMAZING TO KIWANIANS

Kiwanians were afforded an opportunity Tuesday to see a demonstration of Robert H. Thompson's "million dollar memory" in action. He demonstrated his powers at their luncheon at the Hotel Argonne.

Thompson called off the names of between 30 and 40 members and pointed them out, after having met them but once. He also gave several other demonstrations of his wonderful memory.

Y. M. C. A. plans and purposes were explained by Tom P. Pearson, general secretary of the "Y." He told of the personnel which is being built up for the carrying on of the work.

### 20 ARE APPLICANTS FOR TEACHERS' CERTIFICATES

Twenty made application for teachers' certificates before the city board of school examiners at Central high school Tuesday. For the most part the number consisted of renewals.

Others presented sufficient college or normal credits to entitle them to certificates without the formal card examination. Superintendent J. E. Collins, a member of the board, stated.

The second examination for the present year will be held August 30, it is announced.

### LODGE NOTICES

There will be a regular meeting of Trinity chapter, No. 16, O. E. S., Wednesday at 7:30 p. m. Initiation This is the last meeting before vacation.

### PROHIBITION FAILURE FOR MAKIN, CHARGED BY WIFE IN DIVORCE SUIT

Prohibition made the home life of Mrs. Vera Makin worse, if anything, she avers in a petition for divorce filed in common pleas court Tuesday.

Back a few years before prohibition, her husband, John Makin, consumed the brand of liquor that intoxicates; now the sort he gets, the petition says, not only inebriates but makes him act crazy.

When under its influence he has wrecked the interior of their home several times, the wife asserts. She is of the opinion that use of corn whiskey and other poisonous beverages has affected her mate's mind.

Makin, it is alleged, sleeps with his razor under his pillow, with which he has threatened his wife.

### LIMA PASTOR DELIVERS SERMONS IN NEW YORK

Rev. Warren L. Steeves, pastor of the First Baptist church has returned from New York City, where, on Sunday, he delivered the morning and evening sermons in the First Baptist church, Broadway and Seventy-Ninth-sts.

Rev. Steeves annually preaches at the First Baptist church in New York in the summer. He closes that despite the hot day last Sunday, the large church was filled, both morning and evening, with worshippers.

### Few Benedicts In Court For Drunkenness

Another problem awaits solution by the "statistics band" as the result of a finding by E. M. Botkins, justice of the peace and acting judge in criminal court, that almost all men who appear in court for drunkenness are either single or bachelors.

"How come? Dunno, unless it be that benedicts have not the price. It is more than a coincidence, says the justice, that 75 per cent of those who faced him for a wee jaunt to Bacchus' shrine have either failed to take unto themselves a better half or have passed the age where they "dassen't."

And Botkins knows. He kept tab on 'em for the last month. There were nine taken since Sunday for tasting of the bootleggers' nectar and all are delightfully unmarried or hopelessly batchy.

Perhaps it is because baby needs a new pair of shoes that inebriating is a lost art among the married ones. Then, again, Friend Wiley may have set her dainty French-heeled slipper down hard.

### SCHOOL BOARD MAY TAKE OVER LIBRARY CONTROL

A resolution providing that the school board take over the City Library will come before that body in a meeting to be held Tuesday night.

Lack of funds for necessary repairs to the building and for upkeep and providing new books impels the library board to seek relief via the board of education.

It was asserted Tuesday that there will be some opposition to the plan.

### MARRIAGE LICENSES

Alvin Bosch, 26, laborer, 1303 Lakewood-av., and Gisela Sukitsch, 33, cigar maker, 1308 Lakewood-av.

William Conley, 19, carpenter, 1418 W. High-st. and Myrtle May Derickson, 44, 1414 W. High-st.

### FOUR ARE ADMITTED TO CITIZENSHIP; SIX FAIL TO APPEAR OR QUALIFY

Four aliens, former subjects of Greece, Austria, Germany and Italy, were admitted to citizenship by Judge Fred C. Becker, following a hearing in common pleas court Tuesday.

A half dozen others were either not present to press their claims, or were unable to qualify. Two cases were continued.

The quartette of new citizens are: Carlo Lazzeri, 779 S. Union-st.; Umberto Bruno, 631 N. Jackson-st.; Arthur R. Lenan, 805 N. Elizabeth-st.; Peter Petroholas.

Petroholas, a Greek candy maker, and former soldier, was admitted to citizenship on the basis of his discharge papers, showing proof of service in the world war.

T. J. Corbett, 802 Greenlawn-av., native of Ireland, was temporarily denied admission on account of failure to have papers showing date of landing in the United States.

### NEW STATE HOME FOR FEEBLE MINDED PROPOSED

COLUMBUS — (United Press) — Governor Davis and his administrative cabinet will be asked at the next cabinet meeting to approve purchase of the 1704 acres of land near Spencer, Medina-co under option as a proposed site for a new feeble minded institution, Welfare Director Macayal said today.

Date of the cabinet meeting has not been fixed, but it was said a meeting is expected later in the week. The purchase has been approved by the welfare department advisory board and the agricultural board. Director Macayal will ask the governor and cabinet to sanction immediate purchase.

REVOLT IS CRUSHED PARIS.—Plans for a monarchist revolution in Portugal fixed for Sunday were successfully crushed by the government's precautions says dispatch to La Journal. About 100 persons were arrested, including Commandant Souza and many officers, and Alvaro De Castro, former premier.

### BLOODY CLOTHING USED AS EVIDENCE IN TRIAL

MORRISTOWN, N. J. — Blood-stained shoes and trousers were introduced today as evidence against 15-year-old Francis Kluxen, who went on trial charged with the murder of Janette Lawrence, 11.

Police Chief Johnson identified the shoes and trousers as those taken from the Kluxen home shortly after Janette's body, stabbed 20 times, was found in a woods near here.

The trousers were soaking in a pail of water, the state's first witness said.

### BLYMAYER IN PRISON; WIFE GIVEN DIVORCE

Glady's Marie Blymeyer, 618 W. Eureka-st., was granted a decree of divorce from Raymond Blymeyer by Judge Fred C. Becker in common pleas court Tuesday.

Blymeyer is at present an inmate of Mansfield reformatory. The wife told the court that prior to his being sent to prison he failed to contribute properly to her maintenance.

She is maintaining herself from earnings as a stenographer, she says.

### CONFERENCE RESUMED

WASHINGTON — The Chilean-Peruvian conference resumed its joint sessions today to complete details of its agreement for arbitration of the dispute over Tacna and Arica. Today's session convened at 10:35 a. m., with the delegates on both sides indicating a belief that the few remaining issues quickly could be settled.

I found your book at home one day and after reading it began at once to take Lydia E. Pinkham's Vegetable Compound. I have had very good results and some of my girl friends are taking it. You may use this letter to help other girls, as the letters in your book helped me." — ROSE WADNER, 3018 Deland Place, Baltimore, Md.  
That is the thought so often expressed in letters recommending Lydia E. Pinkham's Vegetable Compound. These women know what they have suffered, and they were finally made well. Just plain statements, but they want other women to be helped.  
Lydia E. Pinkham's Vegetable Compound is a medicine made from medicinal roots and herbs, and without drugs, it relieves the sickness women so often have, which is indicated by backache, weak feelings, nervousness, and no am- ple to get anything done or to go anywhere. It has helped many women. Why not try it?

## ULTIMATUM LAID DOWN TO HENS

Must Lay for Owners or Will Lose Their Heads

### VITAMINES ARE NECESSARY

#### Feeding and Culling Demonstrations Planned

Allen-co hens are soon to be told to "lay or go to market." Poultry demonstrations in practically every township in the county will be held under the direction of the Allen-co Farm Bureau.

Two subjects will be taken up by the demonstrators. These are feeding and culling. Both are of extreme importance at the present time, H. J. Ridge, farm agent, says.

Proper foods play an important part in the raising of young chickens and the production of eggs. Unless all elements are provided, the growth of young chickens will be retarded.

**HENS NEED VITAMINES**  
It has been found by state authorities that chickens need vitamins and mineral salts just the same as people do and development can be speeded up by the proper balancing of the ration.

In the demonstrations the necessity of feeding milk, greens and high-protein foods will be stressed. Wherever possible vitamin fed fowls will be compared with those which have not received these elements.

Laying hens require food rich in certain elements, while that for fattening poultry should be entirely different, Ridge says. Complete mixtures for all purposes will be on hand at the demonstrations.

Poultry culling is also very important. This separates the laying hen from her lazy sisters and saves large quantities of food and lowers expense for the farmer.

Color of the hen's eggs and the degree of molt will show the inspector whether the hen is laying or not. Non-producing hens should be marked immediately, Ridge states.

**AID TO FARMERS**  
Very few of the farmers have facilities for transporting their hens and are welcoming any information which will enable them to choose between the laying and nonlaying hens.

Last year 2,918 culling demonstrations were held in 70 Ohio counties. More than 250,000 hens were judged as a result of these farmers' gatherings.

Better grades of poultry with a concentration on pure bred stock are constantly urged by the state experts. Where pure blooded poultry are raised the profits are increased enormously, records show.

**IMPROVEMENT TANGLE**  
DELPHOS—Eugene Lippincott, prosecuting attorney and John Thompson, commissioner of Allen-co, were here Monday for the purpose of straightening out a tangle in connection with the proposed improvement of a portion of the Harding Highway within the corporate limits of this city. Efforts are being made to establish the fact that Suthoff-st is part of a main market road.

## METER READERS THIRSTY, BARRED FROM CELLARS

LANCASTER, Ohio — Call out the dry detectives!  
This little town, apparently, is in the grip of that arch enemy of human progress and prosperity (whisper) — HOME BREW!!!  
Visitors passing thru Lancaster's residential district gasped and pinched themselves to see if they were awake.  
For almost every home in Lancaster had the water meter in the front yard. Maybe it was the water meter, — that's immaterial.  
"What's the large and shinning idea?" a tourist asked a Lancaster policeman.  
The guardian of the public peace looked in the direction.  
"Oh, those," he yawned, "We keep 'em in the front yard here. Meter readers get SO thirsty."

## ANTIOCH COLLEGE WILL INSTALL RADIO STATION

YELLOW SPRINGS — A broadcasting station will be added to the radio department of Antioch college next year according to an announcement by Dean Nash, of the school.  
After the station has been installed the institution will broadcast lectures, music and other educational features.  
Dr. George J. Frayne, who has been selected professor of mathematics will be placed in charge of the station, Nash announced. Dr. Frayne was a Lieutenant in the signal corps during the world war.

**CRASH IS FATAL**  
TOLEDO — Rosa Berzak, 15 and Benjamin, 25, her brother, were killed and Mr. and Mrs. Benjamin Berzak, 53 and 52, parents of the young folks and Bardella Morris, negro chauffeur, were seriously injured when a train hit their automobile near Butler, Ind. All are from Cleveland.

## INTERPRETERS IN CIRIA'S CASE

South Side Latin Population to Hear Divorce Testimony

Interpreters may be necessary to make clear some of the evidence when the divorce of Louis and Rose Ciria is heard before Judge Fred C. Becker in common pleas court.  
Both husband and wife are Italian and practically the entire Latin population of the south side will crowd into the court room to hear the evidence, it is expected.

Ciria, said to be the oldest peddler in Lima, resides at 430 Marion-av. with relatives. The vicinity is largely peopled with Italians.

February 9, Ciria instituted divorce proceedings against his wife Rosa, who is many years his junior and said to be possessed of all the fire and beauty of her race.

She countered with a cross petition and will make an effort to secure the decree.  
Ciria says his wife refused to cook for him, stole his diamond ring and later left home, taking with her all the silver plate. In a supplementary petition he charges her with conduct unbecoming a married woman.

Rosa alleges she was driven from home by Ciria because she objected to his clandestine meetings with young girls, from whom she believes he received letters.

Ciria, while visiting Italians in Kokomo, Ind., met Rosa Maseari, belle of "Little Italy." They were married and came to Lima. She asks that her former name be restored.

**Gasoline**

Mechanical Conditions Affecting Best Results from Gasoline

Running Gear  
Automotive engineers estimate that only about 60 to 75% of the power actually developed by the automobile motor reaches the driving wheels and in overcoming 25 to 40% is lost in heat radiation and in overcoming the friction of the mechanism itself in motor and chassis. It is obvious therefore that a free running chassis will contribute to the efficiency of the car and conserve power—gasoline.

The entire chassis or running gear of a car should be inspected periodically to insure these conditions:

1. Correct adjustment and lubrication of all wheel bearings.
2. Correct lubrication of transmission gears. (Requires lighter lubricant in winter.)
3. Correct lubrication of driving and differential gears. (Requires lighter lubricant in winter.)
4. Correct adjustment of brakes to prevent dragging.

Gaslight Combustion Chamber  
A frequent cause of power waste and therefore of gasoline waste is found in the failure of the combustion chamber in the cylinder to completely hold the charge of gas when the piston comes up on the compression stroke. The modern automobile motor is a high compression motor and to prepare the charge for the explosion of power stroke the gas is compressed to a pressure of from 65 to 90 pounds per square inch varying with different types of motors. Leakage of the power charge

# IOWA MINERS WINNING BLOODLESS VICTORY — FAST SERVICE ON LAKE — NEWS PHOTOS

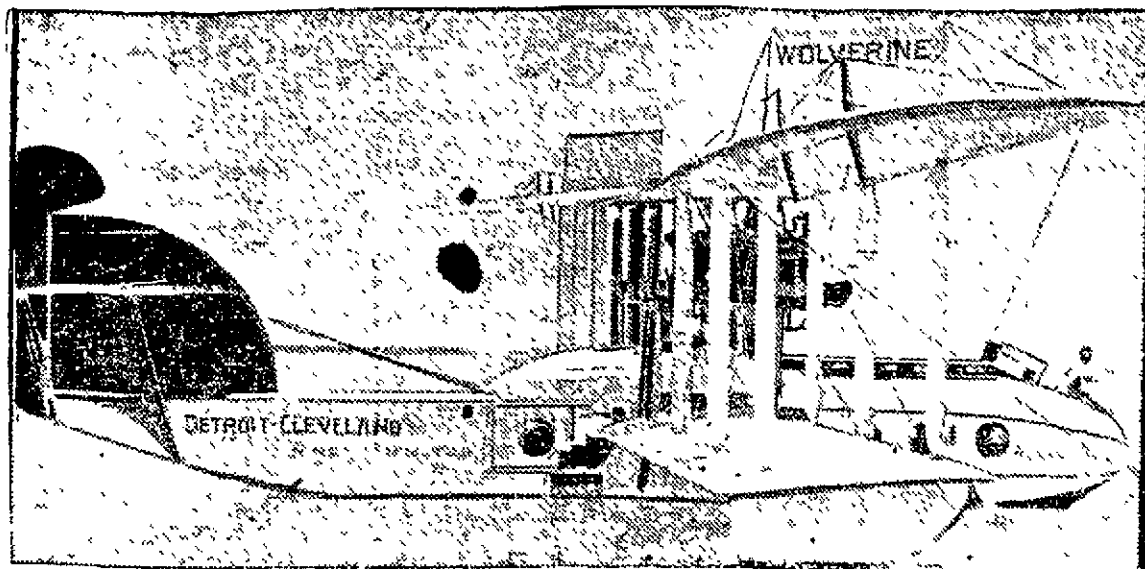

**MINER STRIKE**—Iowa striking miners are winning bloodless victories. Forty mines have been closed in Iowa without a shot being fired, an act of violence committed or a threat made. The Iowa miners use the same method at every non-union mine. Every day the strikers form an auto procession of 100 cars, each one decorated with American flags and filled with men.

**AIR LINE FOR GREAT LAKES**—This shows the "Wolverine," one of the passenger seaplanes that will be put into daily service this week between Cleveland and Detroit. The "Wolverine" carries 11 passengers, two pilots and a mechanic. The "Santa Maria," another ship of the fleet, carries 14 passengers. Both are cabin planes. The ships, owned by the Aeromarine Airways, will make the trip between the cities in 90 minutes. It is an all-night trip by boat, and a four-hour run by train.

**5 KILLED IN CANADA TORNADO**—Here is a part of the wreckage left in the wake of a tornado that swept thru central Manitoba (Can.), killing five, injuring a dozen seriously and doing damage estimated at \$2,000,000. This shows the unroofed Presbyterian church. Portions of the organ can be seen in the basement among the wreckage. Portage La Prairie, a town of 5,000, was left a huddle of ruins.

## BUDGET INCREASE IS 16 PER CENT

City Expenses for Last Half of Year Mount High

DEFICIT OF \$60,000 SEEN

Vehicles for Hire to be Parked at Market House

Every item of the Lima municipal budget for the last half of the fiscal year shows an increase except medical and food supplies and maintenance and repairs, it was disclosed in a meeting of the city commission Monday night.

It is planned to spend \$271,750 during the last half of the year as compared with \$234,504 during the first half. This is an increase of \$37,246, or nearly 16 per cent. Salaries have been increased from \$25,708 to \$29,690; clerks from \$5,210 to \$5,500; furniture and fixtures from \$400 to \$1,650; stationery and incidentals from \$2,504 to \$2,735; advertising from \$700 to \$2,250 and wages from \$70,580 to \$82,900.

**COSTS MOUNT HIGHER**  
Other increases include: Fuel, lights and supplies from \$57,963 to \$60,520; insurance, rent or bonds from \$1,192 to \$5,445; sinking fund and other expenses from \$49,473 to \$60,355 and for new equipment, \$9,280.

The only decrease shown is medical and food supplies from \$3,875 to \$3,120 and maintenance and repairs from \$9,340 to \$8,155. These decreases total \$1,910.

Every department will cost more during the last half of the year than for the first half. General government expenses is increased from \$21,453 to \$21,930; health from \$5,200 to \$5,400; safety from \$50,755 to \$67,100; water supply from \$49,930 to \$112,460 and welfare from \$9,344 to \$10,300.

Calls upon the city for increased service have made these increases necessary, C. A. Bingham, city manager, told city commissioners at the commission meeting.

New equipment includes \$500 for a milk, meat and housing inspection automobile; \$300 for service at the health clinic; \$1,200 for an automobile for Chief John Mark; \$2,450 for police equipment and \$2,250 for street and sewer department.

A deficit of approximately \$60,000 will be seen if the present appropriations are spent. The income of \$211,614 will be divided into \$48,063 waterworks balance, \$33,041 general balance and \$129,000 in current receipts for the last half of the year.

Under the law it is believed that deficiency bonds can be issued for police and fire salaries. These items total \$53,330. If these bonds are issued a current deficit of but \$6,070, will be seen and this can be eliminated by cutting expenses in certain departments, officials believe.

**PARKING MEASURE**  
Only two ordinances were passed by the commission. One prohibits the pouring of gasoline or other volatile liquids into sewers and the other regulates parking of vehicles kept for hire.

All vehicles for hire are to be stationed at the rear of the market house, Union and Central-ave. This ordinance does not apply to passenger vehicles.

Petitions to grade Leland-ave, Cole-st to College-ave; vacate certain property on Woodlawn-ave, from Market-st to High-st; install a sewer in St. John's-ave, 300 feet south from Vine-st and to dig a tunnel under Sugar-st, at the intersection of the Pennsylvania lines and the D. T. & I. railway, were read.

## DELPHOS GIRL DIES OF ATTACK OF TUBERCULOSIS

Miss Ciella Colbert, 20, daughter of Mr. and Mrs. James A. Colbert, Delphos, died at her home in that city Monday following an illness of sixteen weeks from tuberculosis. Miss Colbert was engaged in the millinery department of the Gordon store up to the time she became ill. While here, she resided at the home of Mrs. H. Blankenship, 548 W. Market-st. She was a patient at the Lima District Tuberculosis hospital six weeks.

Influenza, from which she suffered some time ago, left her weakened condition and tuberculosis developed. Besides the parents, she is survived by a sister, Ruth.

The body will be accompanied to Rockford, Ind., where funeral services will be held and interment made.

## LOANS OF WAR FINANCE CORPORATION ARE HEAVY

WASHINGTON.—Books of the war finance corporation showed a total of \$227,000,000 in loans outstanding at the close of the fiscal year June 30, according to a summary of operations issued today by Managing Director Eugene Meyer.

When the corporation resumed operation in January 1921 he stated the loans outstanding totaled \$111,000,000 and since that time the corporation has authorized loans aggregating \$363,000,000 of which \$53,000,000 was to assist in financing exports and \$310,000,000 for agricultural and livestock purposes. Repayment of all loans since January 1921, declared amounted to \$158,956,231.

## FARMER AND WIFE HURT WHEN TRAIN HITS BUGGY

DELPHOS.—William Allmeier, a farmer residing near Ft. Jennings, six miles north of here, was fatally injured Monday night and his wife badly hurt when a Clover L. at passenger train struck a buggy in which they were riding, at a crossing.

Allmeier is thought to be injured internally. Mrs. Allmeier sustained a broken arm and severe cuts and bruises. The buggy was demolished. The horse escaped injury.

## LEGS CAUSE ROW

Ziegfeld American Misses Have it on French Contender

NEW YORK.—(United Press).—Legs of "Ziegfeld's Follies" girls make the million dollar pair of Mlle. Mistinguette of Paris look like 20 cents.

So called Flo Flozoid from Paris today when he learned that Mlle. Mistinguette arrived here to exhibit her legs on Broadway.

"Look at the legs of Marjorie Lober and Margie Whittington," Ziegfeld cabled. "They have been acclaimed the greatest in the world by Michael Fokine, world famous ballet dancer."

Later in the day Ziegfeld sent another cable which read as follows: "Look—take a peep at the limbs of Evelyn Law and Madeline Starhill." Ziegfeld was right.

## ECONOMY DISCUSSED BY GOVERNMENT EXECUTIVES

WASHINGTON.—(Associated Press).—Officials of the federal executive departments were called together today by president Harding for the third annual business meeting of the government, to hear the report of the budget bureau for the past fiscal year to be submitted by the new director, Brigadier General H. M. Lord, and the estimates of receipts and expenditures for the future.

The program of the meeting called for an address by the president recounting the operation of the administration's economy measures during the past year and outlining policies for the reduction of expenditures during the current fiscal year to combat the deficit of nearly \$500,000,000 facing the budget.

## CLEMENTS WILL STAND TRIAL ON TWO CHARGES

Lee Clements, S. Main-st, hotel proprietor, pleaded not guilty when arraigned on a charge of possession of intoxicating liquor. He will stand trial at 3 p. m. July 18. He is out on \$1,000 bond, furnished by D. B. Bentinger.

At 1 p. m. the same day Clements will have a hearing on another liquor charge, preferred more than a month ago. He was arrested on E. North-st, in the act, police say, of delivering liquor.

Another bondsman will be demanded according to information in criminal court.

## ELIDA MAN RECOVERING FROM ACCIDENTAL INJURY

Frank John, 20, Elida, is recovering at St. Rita's from injuries which he suffered about the legs, Monday night, when he was pinned between his own automobile and a passing car. The accident occurred on the Allentown-ld, not far from Weinfield's dry cleaning establishment.

Johns was at the rear of the car, making an inspection, when the motorist struck him. His legs were cut and his body badly bruised. His condition is not considered serious. Johns, with his parents, was returning to his home in Elida, from Lima.

## STORMS TAKE BIG TOLL IN WEST

Ohio Suffers in Northwest From Rain and Wind

PROPERTY DAMAGE IS HEAVY

Tornado Wipes Out Small South Dakota Town

CHICAGO.—(Associated Press).—Middle western states were recovering today from the effects of hail, rain and wind storms which

South Dakota, Nebraska and Kansas yesterday causing extensive property damage and a small loss of lives.

Heaviest damage according to reports, occurred in south Dakota and Missouri. A tornado at St. Charles, S. D., virtually wiped out the town of 100 population. One man was killed and scores slightly injured. Damage was estimated at \$75,000. In the vicinity of Lake Charles farm buildings were destroyed and summer cottages blown down, bringing the property loss to \$500,000.

A cloudburst in the Kansas City business district last night flooded the streets, washed automobiles away from the curbing and overburdened storm sewers. The official record places the precipitation at two inches in ten minutes.

**TWO PERSONS KILLED**  
Two persons were killed near Sargeant, Neb., as a result of a

heavy wind, rain and hail storm last night.

Rivers through Missouri and Nebraska are reported to be out of their banks with farm lands under water. Flood warnings have been issued.

The storm ended a 42-days drouth in Chicago and vicinity. Only slight damage resulted from the high wind which accompanied the downpour.

General rainfall was reported over Wisconsin and several lives were lost as a result of electrical storms.

Kansas and Iowa both reported heavy rains and in the latter state property damage was reported with a small loss of life due to falling buildings and electrical disturbances.

Relief from the heat wave which has been sweeping over the middle west and local showers are predicted for this district today.

**OHIO SUFFERS**  
TOLEDO.—(United Press).—Toledo and all northwestern Ohio today was recovering from a severe rain and wind storm that took one life and levelled hundreds of acres of crops.

The gale, which hit that part of the state late yesterday, cut a wide swath, leaving in its wake broken orchards and ruined wheat and corn fields. Considerable grain, ready for harvest, was laid flat.

The one year old son of Edward Peterson was killed by the falling limb of a tree at Napoleon. The limb struck the child on the head as he lay in his go-cart.

Telegraph and telephone lines were blown down near Bryan and troops at Port Clinton, tenting their summer period of training were drenched.

This is the fourth violent storm that has struck Ohio within the last two months, each taking a toll of at least one life and thousands of dollars worth of property.

## DRUNKENNESS IS INCREASING

Records Show Nine Cases in Police Court Since Sunday

Drunkennes, which had been on the wane, is again breaking out afresh, police records disclose. Nine cases are listed since Sunday.

Maurice Joyce, 30, of 400 N. Jackson-st, changed a plea of not guilty to guilty Tuesday. Detective Ford Cole of the L. E. & W. says he tried to stir up sentiment among railroad employees to join the strike Sunday night while under the influence of liquor. He was fined \$15.

Charles Whitson, 313 N. Central-st, and Albert Bartell, 48, of 238 E. McKibben-st, were arrested at the B. & O. roundhouse. Whitson was fined \$25 Monday and Bartell the same amount Tuesday.

Police also arrested Jim Brown, 43, Lima, and Sidney Fitzpatrick, 30, Springfield, near the B. & O. E. North-st. The latter was assessed a fine of \$15 and Brown was found not guilty Tuesday in criminal court.

Brown was fined when he testified that he suffered an attack of stomach illness and laid down under a platform. When police passed by after arresting Sidney Fitzpatrick they spotted him and took him along to headquarters. He had not touched a drop, Brown said.

**FIND STILL IN HOME**  
VAN WERT.—Police raided the home of Arthur Chivington and found a liquor still. Chivington pleaded guilty to manufacturing illicit liquor and was fined \$150.

## WOMEN ARE DROWNED

ATHENS.—Jessie Parker, 19, and her sister, Mrs. Nina Smith, 21, were drowned in three and a half feet of water when Mrs. Smith attempted to save her sister.

## DEATH AT ST. MARY'S

ST. MARY'S.—Mrs. Louis H. son, 29, died at her home here, following surgery. She is survived by her husband, one daughter and parents.

### Why I Bought a FORD Car

We asked a man, who was taking his family for a trip into the country last Sunday, why he bought a FORD car. Here's his reply:

"I found that FORD prices were low, not only for the car itself, but for parts. I found that it was really a comfortable car to ride in, and that the entire family could enjoy it. I can afford to run a FORD because of its low operating expense. I bought for the family's pleasure as well as my own."

### POST KNIGHT IN MOTORCADE

Eighty-Eight Autos to Tour 88 Counties for Akronite

Allen-Co is on ITINERARY

Motor Cars Also to Tour State for Vic Donahey

Congressman Charles Landon tonight, of Akron, candidate for the republican nomination for Governor Ohio, will be made the beneficiary of a novel campaigning plan adopted in the formation of a motorcade of 88 automobiles to visit the 88 counties of the state.

Allen-Co is included in the list of 4 counties to be visited by half of the 88 cars, the tour to begin Thursday, according to announcement from Akron. Other counties listed for the first division are: Licking, Wayne, Marion, Erie, Columbiana, Tuscarawas, Stark and Ashland.

The date of the arrival of the motorcade in Lima has not yet been announced. Men representing the industrial business and industrial life of the Summit-co city are to have donated the use of their cars and their service as drivers and will carry other Knight automobiles and literature.

Amos H. Englebeck, an attorney, president of the Summit-co "Knights of the Motorcade" club, announced that it is planned to have at least one car visit every county in the state. Motorcyclists plan the trip as an annual vacation.

Manfield will be deluged by hungry Republicans Saturday. Those going for office will be given a chance to speak. Those hungry for food will be given barbecued beef. Every Republican candidate for state office as well as those for United States senator and Republican editors and county state committee men have been invited to attend a huge barbecue and G. O. P. pow-wow. Preparations are being made to accommodate 5,000 Republicans. The invitations are being sent out by the Richmond co. Fess-for-senatorship. The principal address of the pow-wow will be made by Congressman Fess but every other candidate will be allotted time for a short talk.

nounced they will enter politics to break down state censorship.

Vic Donahey's neighbors in Tuscarawas-co are financing a literature distributing automobile, which will tour the state in the interest of Donahey's candidacy for Democratic nomination for governor.

Judge James G. Johnson, Springfield, has been endorsed by the Democratic central and executive committees of Lawrence-co for Democratic nomination for governor, his headquarters in Columbus announced Tuesday.

Mrs. J. G. Battelle, Columbus, was named head of the state committee of Republican women backing the candidacy of Thad Brown for Republican nomination for secretary of state.

### FLAPPERS SCORE

Physician Champions Dress Style From Health Standpoint

COLUMBUS — (United Press) — Alarmist propaganda about short skirts, negligible and flimsy waists ruining the health of the 1922 girl is "the bunk." Take the word of a doctor with twenty years' experience for that.

Dr. J. A. Park, who has been the "family doctor" for a number of Columbus' "oldest families" for that many years and more laughed when asked if skimpy clothes would undermine the modern girl's health.

"Ho, ho," roared the jovial physician, "let 'em dress as they like. As far as health is concerned, why, bless you, sir they could revert clear back to Eve's fig leaf without hurting an eye."

"All this talk about clothes ruining the flapper's physical condition gives me a large and severe pain. I can't say how it might affect their morals. But it won't hurt their health."

"Hurrah for the flapper!"

MINE OPERATORS CALLED.

WASHINGTON. — Representatives of non-union coal operators will be called together the end of this week to consider means of dealing with smaller operators who are selling coal at prices in advance of the maximum recently reported by voluntary agreement, Secretary Hoover said today.

### BODY OF B. H. COON, WAR HERO, IS EN ROUTE HERE FROM COLORADO SPRINGS

Byron Harrison Coon, 32, son of Mrs. Emma Coon, 110 N. Woodlawn-av., died in United States Naval hospital in Colorado Springs, Colo., according to information received here Monday night. He enlisted from Lima in the early part of the war and saw action on three battle fronts.

Death was due to effects of being gassed, which resulted in tuberculosis.

Mrs. Coon, who was with her son at the time of his death, will accompany the body to Lima Wednesday and it will rest at the home of a sister, Mrs. S. G. Neff, 124 S. Cole-st. Funeral arrangements will be completed upon arrival of the body.

Besides the mother and sister, Mrs. Neff, the father and seven other sisters survive. They are Mrs. Charles Thompson, Mrs. W. L. Barlow, Mrs. Clara Edgington and the Misses Evelyn, Aveline and Yvonne Coon, all of Lima, and Mrs. Boyd C. Haddix, Akron.

### DROWNING HELD ACCIDENTAL.

FAIRFIELD, Conn.—The opinion of Medical Examiner Donaldson that Mrs. James Richmond Borden Hotchkiss, a bride of four months met death by accidental drowning while bathing at Fairfield Beach, was expected today to close the case. A note found in the bath house which she used requested that her watch be turned over to a relative. An envelope containing tablets also was found.

## LIMA IS FORTUNATE

WHEN one congratulates himself that he is favored by Providence, it is a dangerous procedure. When the people of a community that has long escaped a visitation of the wrath of the elements, boast of the fact, it is flying in the face of Providence.

All about us other communities have been laid waste by severe storms during the past few weeks. Lima has miraculously escaped, but it is tempting fate almost to even talk about it, considering the experiences of others along the same lines.

Four times within a period of two years sections of Auglaize-co, just south of Allen-co, have been visited by devastating storms. Only in one of these did Allen-co suffer, to some extent. However, the danger of the visitation of a storm is ever present during the heated period. In a spirit of humility, the people of any community that has been fortunate in escaping the wrath of the elements, hope for a continuance of the same immunity.

There is little question but that the destruction of forests has much to do with the increased violence of storms over this part of the United States. In prairie country cyclones are anticipated and provision is made to withstand them to as great an extent as possible. The time is coming, doubtless, with continued razing of forests, when the people of this part of the middle west will be providing for their own protection cyclone cellars, the same as do the residents of prairie states.

## CRAZY STYLES

STYLES are always adjusted to the national state of mind. And the return of normalcy is shown by the present exit of jazz clothing designs. So says Louis Rubin, secretary of the American Clothing Designers' association.

Louis says the national state of mind has little to do with it. The change, as always, is in the state of mind of some designers and manufacturers.

The jazz styles, that are scheduled to go into storage with mothballs, did not reflect unbalanced or neurotic mental condition among the "vast majority" of the American people.

Freak styles come in cycles, periodically, regardless of the national state of mind. Fifteen years ago was an era of horse-sense, without jazz. Yet the lads of that day wore the craziest clothes known to our generation—peg-top trousers, shoestrings for neckties and enough buttons on a suit to load a dozen shotguns.

When it comes to clothing, the mass of people are in the predicament of a paid-in-advance boarder who has to eat what is put before him or go hungry.

We take what we get—what is handed to us by resourceful brains turning handsprings to stimulate clothing sales.

Rebellion against abrupt style-changes, which play havoc with the average person's pocketbook, would be certain if it were not for our instinct of imitation. Man is more imitative than the monkey.

The imitativeness is mental as well as physical. This explains the periodical national switching from one cure-all to another illusion.

Short skirts came in as a "freakish" style, yet they are sane and sensible. Now the decree goes forth, that to be in the swim the short skirt must be discarded for a long one.

This doesn't reveal any change in the national state of the feminine mind, for nine out of ten women are about as keen to give up their short skirts as they are to "gather

## VACATIONING—WHEN SOMEONE CARRIES THE BAGGAGE

wrinkles."

But groups of manufacturers decide to stimulate sales and move stocks of cloth. So, by elaborate staging, the long skirt will be forced on women again.

It is a bitter pill for the girl who scrimped and saved and went without adequate lunches to get enough money to buy short skirts. She is contemplating the grim truth that a long skirt can be shortened but a short skirt cannot be lengthened.

Fashion is a cruel and unjust Simon Le-gree.

The whole system is as senseless as if word went out that everyone must tear down his frame house and build a brick one, or be old-fashioned.

## MOVIE AUDIENCES

PSYCHOLOGY of movies is that the most successful film is one in which a member of the audience can imagine himself as one of the leading characters. Fiction, the same way.

Movies rarely are any worse than their audiences.

Nothing becomes popular unless it is liked by its financial supporters. The rare exception is when we become fascinated by a character we're glad we're not, or a situation we're pleased to find ourselves not participating in.

The first step in reforming the movies is reforming the audiences. Men who try this usually go crazy or cynical.

gay sunshine, thermometer hitting a 90 per cent gait and no need for undies this day. Stopped for a foot-cure, and saw there C. A. Graham, the ex-county clerk and former statesman, now one of the big financiers of this town. And he expects building to become more and more so, as monies accumulate in building and loan societies. To the office, and Charlie Herbst telephoned my extra pair of trousers is ready. But me with no funds, the need the lower covering.

Going westward, towards Libby-st did meet Sam Tigner, the perfect king, and Dr. A. D. Kable, the eminent practitioner. Back on Mala-st, tarried a moment to hear the Hon. Bill Tierney, former city statesman, arguing with Dr. Jonathan B. Vail, that the surgeon should vote for Tierney because he cut his leg off thirty years ago when mangled on the Penney tracks. And Dr. Jonathan forthwith promised, and inquired how the other leg was doing. And the Hon. Bill said very pert, but he visited the cemetery the other day to lay fresh flowers on the dead part of him.

To lunch with the Rotarians at Harry's cafe, and heard a cousin of Sir Harry Lauder from Scotland born, but by American adoption, here from Galien. And he sang, very sweet, Sir Harry's "When I was Twenty-One." And afterwards,

strolling thru the grande salon, was hailed to greet dining there, J. P. King, of Columbus, the one-time hotel king, and with him, the charming Mrs. Sarah, and Mrs. Mary Hepburn, from Long Island way. We chatted of the years that were, and the Cedar Point week-end when crystal rock was in flower.

Out, and waved to F. F. Thompson, the veteran foreman of the old C. H. & D. Great Central coach shops. Before the days of strikes and when C. H. Cory was the last word thereabouts.

Fearing they would reread the meter before I could pay the bill, shut off the gas on the range. This being Dollar Day, and so, with my wife, to the Francaeda, where dined well on a good roast and smorgase. Then strolled thru the shopping district, all stores now being closed and it a safe venture. But she saw nothing she craved, so hot some whiterock and thence home. And to bed.

Common Sense Ways to Keep Well

POISONED: WHAT TO DO

(BY DR. R. H. BISHOP)

Every day or so the newspapers tell of a case of accidental poisoning in which the victim took the wrong medicine by mistake. A little care and common sense could have prevented such an accident. All medicines which are poisonous when taken internally are so

labeled by the dispensing druggist or physician. If such medicine is transferred to another bottle the label also should be transferred or a new one made out. It is well to put such poisons on the top shelf of the medicine cabinet, reserving this shelf for poisons only. Most poisons when bought have prickly stoppers or the bottles so they may be identified in the dark. Children should be cautioned against taking any medicines except when the parents are at hand.

The symptoms of poisoning vary with the special poison. Sudden, severe and unexpected sickness after eating, drinking or taking medicine may be due to poison.

Delay in cases of poisoning is usually disastrous. A doctor should be summoned immediately, but while awaiting his arrival first aid should be given. An emetic, a medicine to induce the victim to vomit, is the first thing to be done in most cases. Ticking the throat with finger or feather or drinking a large quantity of warm water will usually induce vomiting.

In the case of poisoning from corrosive poisons, an emetic is not the best treatment. Such corrosive poisons are sulphuric acid, hydrochloric acid, nitric acid, caustic soda, potash and lime. Treatment should be as follows: neutralize the poison by giving an alkali such as baking soda or soap, for acid poisoning; and strong fruit juices or vinegar containing alkali for alkali poisoning. Give a large quantity of some vegetable or animal oil, such as olive oil or castor oil, to dilute and soothe the burned inner parts; finally give stimulants, such as strong tea or coffee or aromatic spirits of ammonia.

## Says His Prescription

Has Powerful Influence

Over Rheumatism

Mr. James H. Allen, of Rochester, N. Y., suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work. He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system. He freely gave his discovery, which he called Allenru, to others who took it, with what might be called, marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. He has therefore instructed Green's Public Store and drug depots everywhere to dispense Allenru, with the understanding that if the first pint bottle does not show the way to complete recovery he will gladly return your money without comment.—Adv.

## POEMS YOU WILL ENJOY

BY BERTON BRALEY

ADVICE  
When first upon the planet man  
Acquired the doubtful boon of  
speech,  
At once the older folks began  
To preach.

They pointed morals by the score,  
They talked of duty and of truth,  
And were, of course, an awful bore  
To youth.

"Alack!" the elder folk would cry  
(A million times these words were  
flung),  
"I didn't act that way when I  
Was young!"

The younger generation heard  
Advice on what was right and fit,  
And didn't heed a single word  
Of it.

They took their own path in delight  
And learned things as they went  
along,  
And they were just as often right  
As wrong.

If foolish youth had listened with  
Respect to older counsel sage,  
We'd still be in the Neolithic  
Age.

So slip to youth this kind of chat,  
"Go forth, your life is yours to  
make!"  
(For that's the only counsel that  
They'll take!)

Be Careful What You Wash  
Your Child's Hair With

If you want to keep your child's  
hair in good condition, be careful  
what you wash it with.

Most soaps and prepared shampoos  
contain too much lye. This dries  
the scalp, makes the hair brittle,  
and is very harmful. Mulsified  
coconut oil shampoo (which is pure  
and entirely greaseless), is much bet-  
ter than anything else you can use  
for shampooing, as this can't possibly  
injure the hair.

Simply put two or three teaspoon-  
fuls of Mulsified in a cup or glass  
with a little warm water, then moist-  
en the hair with water and rub it in.  
It will make an abundance of rich,  
creamy lather, and cleanse the hair  
and scalp thoroughly. The lather  
rinses out easily, and removes every  
particle of dust, dirt, dandruff and  
excess oil. The hair dries quickly  
and evenly, and it leaves it fine and  
silky, bright, fluffy and easy to man-  
age.

You can get Mulsified coconut  
oil shampoo at any drug store. It is  
very cheap, and a few ounces is  
enough to last everyone in the fam-  
ily for months. Be sure your drug-  
gist gives you Mulsified.

## Daniel Webster's Hat

ONE of Daniel Webster's  
famous retorts was to a  
young man when their  
hats got mixed.

"Why, Mr. Webster," said he,  
"our heads are just the same  
size."

"On the outside, perhaps," re-  
plied Webster.

If there had been 10,000,000  
automobiles in Webster's day this  
might have hit off the feeling  
about tires as well.

To understand the tire situation  
today, go back to 1918, 1919 and  
1920, when tire makers were jump-  
ing to catch up with the demand.  
In 1921 they more than caught up.

And in 1922, every car-owner  
knew where he can get plenty of  
tires with plenty of big discounts.  
Plenty of bargains with ingenious  
sales arguments.

A vast quantity of merchandise  
he knows little or nothing about.

The quantity problem is history.  
It is all this quantity of tires—  
and their wide variance in value  
that is making most car-owners  
determined to get quality.

Hundreds of thousands of car-

owners rode on Royal Cords last  
year.

The unobserving man might  
say that this was reaching the limit  
of the quality idea.

Yet, in January, February,  
March, April and May, 1922, the  
sales of U. S. Royal Cords through  
dealers more than doubled over  
the same period of 1921. A new  
high record for Royal Cords.

Spontaneous buying through  
dealers.

A picture of the public  
voluntarily making U. S.  
Royal Cords the measure  
of all automobile tires.

You have, perhaps,  
overheard some  
other tire being  
sold for "as good  
as a Royal."

At a timelike  
this remem-  
ber what  
Daniel  
Webster  
said.

# FARMERS PROFIT THRU RADIO

Receive Grain Market Quotations From Chicago Board

CHICAGO — (Associated Press) — Thousands of farmers in the grain belt are now receiving the thirty-minute grain market quotations broadcast by radio telephone from the Chicago Board of Trade, according to Allan M. Clement, chairman of the Market Committee of the board.

"Already the service has proved itself successful," declared Mr. Clement, in a report to members. "In short time the service has been in operation it has proved its tremendous value to the farmer. It is keeping him advised of the shifting conditions that constitute influencing factors.

"What benefits the system will effect for the producer as well as for the grain distributor when it has been fully developed can hardly be exaggerated. Telegrams and letters have been received from scores of cities, towns and villages commending the board of Trade's broadcasting service. They come not only from farmers, but also from county elevators, bankers, business houses and educational institutions."

It was announced that the quotations and market information broadcast from Chicago are now being received from several other cities to their respective territories. There lay points to date, the committee reports show, include Emporia, Kan.; Tuscola, Ill.; Oklahoma City, Okla.; Los Angeles, Calif.; Greenport, La.; Omaha, Neb.; St. Louis, Mo.; Hutchinson and Wichita, Kan.

The broadcasting by the Chicago board of Trade from the K Y W station began on March 10.

## PREMIUM LISTS IN CLUB WORK ISSUED IN ALLEN-CO INTEREST BOYS AND GIRLS

Premium lists for boys' and girls' club work and vocational stock judging teams have been issued by the Ohio State Fair board. H. J. Ridge, farm agent, said Tuesday.

All phases of club work are covered by the premium list and awards will be given for individual, club, team or county exhibits and demonstrations, Ridge states. More than \$8,000 will be distributed by the fair board. Prizes will not be large, but there will be many of them and each boy shipping a pig or a calf will be refunded a portion of his freight money.

Part of the money for the awards is being given by purchased stock associations which are desirous of impressing that purebreds only should be raised. The balance is provided by the state fair board. Ridge will begin an immediate survey of the club work in Allen-co and will organize a number of individual, club and team exhibits as well as a county exhibit, if possible.

Fig club work in the county is progressing very satisfactorily and some very fine specimens are being raised, Ridge says.

## POLICE AID IS SOUGHT IN SEARCH FOR F. C. VOGEL

Whereabouts of Fred C. Vogel, 70, Adgate-apt., Elm and Main-sts., who disappeared Monday at 7:45 a. m., remain a mystery.

Nothing has been heard of him, a friend, J. H. Kenyon, 111 W. Circular-st., reported to police. Vogel is five feet, seven inches tall, weighs 145 pounds, has a stubby gray mustache and the ring finger on his left hand is partially severed, due to an accident several years ago. He wore a blue coat, light trousers and straight rimmed hat and spectacles.

No reason for Vogel's disappearance is assigned.

# CHURNGOLD NOW IN THE STORES

FOR several years "Churngold" has been sold in Lima from wagons only. Necessarily, it has been obtainable by only a limited number — those living on these wagon routes. Many people have heard of its good qualities from their friends who use it, and have wanted it—and now they can get it.

Now in accordance with the general policy of The Ohio Dairy Company to sell all the products they manufacture and distribute, thru the retailer only, the wagon service has been discontinued, and "Churngold" will be placed with the leading Grocery Stores.

"Churngold" will be supplied daily to dealers in Lima and adjacent territory, where you can get it fresh and sweet. The following is a partial list of retailers here who are now stocked with "Churngold" and ready to serve you. Others will be added every day.

# MRS. ALAN BOOTH HONOR GUEST AT CLUB LUNCHEON

MRS. M. P. Colt, 667 W. Market-st., was a charming hostess Tuesday at a luncheon at Shawnee Country club, when she dispensed delightful hospitality to a company of intimate friends of Mrs. Alan Booth, Pontiac, Mich., who is here for a visit with her parents, Mr. and Mrs. E. Hoyer, 675 W. Market-st.

Pink roses, in the most dainty hue, decorated the table and nut baskets of the dainty color, completed the artistic decorative note.

Grouped about the board were: Mrs. Booth, Mrs. John Galvin, Mrs. Walter S. Jackson, Mrs. H. M. Crawford, Mrs. Charles Herbst, Mrs. W. L. Heid, Mrs. Frank L. Maire and the hostess.

The marriage of Miss Catherine Sonntag, daughter of Mrs. Myrtle Sonntag, 601 S. Metcalf-st., and John Foley, 1093 N. Main-st., took place at St. Gerard's Catholic church, Tuesday at 6:30 a. m. Rev. Father Funk read the marriage service.

The bride wore a pretty creation of cream French organza, over pink taffeta, trimmed with rosebuds, with a large picture hat. She carried a bouquet of orange blossoms and valley lilies.

Miss Elizabeth Foley, sister of the bridegroom, was bridesmaid. She wore a costume of cream organza, trimmed in green, with large picture hat. Michael Foley, brother of the bridegroom, was best man.

A wedding breakfast for friends and relatives of the couple was held following at the home of the bridegroom. Roses and morning glories decorated the tables and the rooms were in pink and blue of the morning glory color to give off the effect of that setting.

Mr. Foley and his bride departed at noon on a trip to New York City and the east. Upon their return, the couple will receive their friends at 542 W. McKibben-st. The bride traveled in a suit of dark blue tricot, heavily French beaded and handsomely tailored, with a small hat of corresponding color.

The bride is a young woman who numbers her friends by the score. Mr. Foley is a valued employee of the Solar Refinery.

An organization, known as the Jolly Bunch, has arranged for a dance, to be given Wednesday evening, at McLaughlin lake park. The organization consists of 25 couples. A long program of dances has been arranged.

The Gleaners' class of Central Church of Christ has arranged for the annual picnic, which has been planned for Wednesday at Faurst park. Dinner will be served at noon.

Mr. and Mrs. George Fisher and children, Ivan, Helen and Margaret, its Moyer has returned from a stay of a week at the Fisher summer cottage at Indian Lake.

Ladies' Aid society of St. Paul's Lutheran church will hold the annual picnic Wednesday at Faurst park. All members of the society and of the congregation are invited to join the society in the outing. The picnic will last all day.

Mr. and Mrs. Oscar M. Thomas and son, 120 N. Charles-st. and Mrs. Thomas' sisters, Dr. Sara Davis and Miss Leah Davis, both of Toledo, have returned from a delightful ten days' motor trip to Washington, D. C., and points in the east.

## SUSIE SMART'S ADVICE

Dear Miss Smart:

I HAVE experienced much trouble with my neighbors children throwing stones. I have talked with the mother about it and she claims that because her little boy is only four years old, he is not old enough to know it is wrong and too young to be punished, only to smack at his little hands, but not to hurt him.

As I live in a double house, it is very unpleasant, to have the danger I wish you would kindly insert my question and give answer. Is the child, if normal, considered intelligent enough to realize and know that fighting and stone throwing is wrong and be made to quit it, if properly taught?

I am quite surprised at your complaint. Would you, if you could be the means of causing the little child to be punished, just because he engaged in the childish delight of throwing stones? If I judge your character by your writing, surely you would not.

You probably do not understand children. Invite the little fellow to come and sit on your porch. Play ball with him. Teach him to love you. Show that you are really interested in him. He won't need to be punished, the practice will be stopped of his own accord and he will think you are the dearest "auntie" in the world to him.

"Love conquereth all things" is as apply applied to situations of this kind as in older lives.

Dear Miss Smart:

We are two girls, 18 years of age and have been going with two boys for two years. Our senior, for the last eight months they have always treated us with respect and have promised to keep the friendship with intentions of becoming engaged to us later on. As we loved them we decided to wait for them. Suddenly they stopped coming and we hear they say unpleasant things about us. What can we do to stop this?

The best and quickest treatment of rumors is to ignore them absolutely. Then they flicker and die. Incidentally, the boys are behaving most unbecomingly and if they desire to break off the friendship, to any particular reason, they should come to you and offer an explanation. However, I would ignore them and let the matter drop.

Dear Miss Smart:

For a long time I have been bothered with shiny nose, and senior, for the weather it is almost impossible to keep it from fairly listening. No matter how often I powder or what kind of powder I use, my nose persists in becoming shiny. Have you a remedy for this condition?

The shiny nose is a common ailment in the summer time and can be corrected with a little care and attention. In the morning, at noon and in the afternoon, if convenient, saturate a cloth of cotton with grain alcohol, diluted, and apply. Let it dry on the nose then apply a generous rub into the skin before powdering is also effective.

# MISS CHRISTINE MUSIC MAKING NATION AID

MRS. EDGAR STILLMAN KELLEY

"W" E shall be always a nation of music borrowers instead of music makers unless we develop American music and give the American composer a chance."

Mrs. Edgar Stillman-Kelley, wife of the famous American composer, says that. That is why she is one of the active workers in the One Million-One-Note campaign to establish an American opera house.

"An American opera house, where our native works and artists can be heard as well as foreign operas in our own language will give the necessary opportunity for native composers and can be the home of friends."

Miss Clotilda Walters of Fremont, who came Sunday for a visit with Miss Vera Fisher, 650 S. Elizabeth-st., left Monday for Dayton, where she will spend a few days with friends.

Miss Clara Herr, Los Angeles, is spending a few weeks with Miss Anna Klein, 614 W. Wayne-st.

Members of the Needlecraft club and their husbands enjoyed a winter roast at the home of Mr. and Mrs. Jack Slusser, near Fort Jennings, Monday evening. The trip to that place was made in automobiles. Twelve couples composed the party.

Because of the downpour of rain, wedding were roasted over a large iron in the Slusser home. The trip back to the city was made after the wind and rain had ceased. In the glow of a bright harvest moon.

Mr. and Mrs. Ira Wagner, 918 W. Spring-st., have returned from Dayton, where they visited over Sunday.

Mrs. Maude Matthews and children and Mrs. Sarah Simon, 138 N. Charles-st., have gone to Buckeye Lake, near Columbus, for a stay of two weeks.

Mr. and Mrs. W. L. Alligre and young daughter, 315 Lincoln-av., will spend the remainder of the summer at Green Lake, Mich., leaving this week.

Mrs. John Dolts of the Mullenhour apt., last Tuesday for an extended western trip, expecting to remain away until fall.

The Woman's Home Missionary society of Grace M. E. church will meet in the parlors of the church Wednesday at 2 p. m.

Mrs. Harrison Leffler and sons, of Marion, are visiting Mrs. Leffler's father, J. A. Umbaugh, 720 W. Kibby-st.

Mr. and Mrs. C. E. Strawbridge, 836 W. High-st., accompanied by Miss June Umbaugh, Lima, and Miss Florence Lutz, Ada, attended meetings on Sunday which are being conducted in Winona Lake, Ind., by the Rev. Billy Sunday and his party.

Mrs. Levi Mullen and small grandson, Guy Leonard Mullen, Lea E. Mullen and the Misses Lura Blakely and Doris Mullen all of Columbus Grove, were guests Tuesday of Mr. and Mrs. Ross E. Mullen, 1168 W. High-st. Ross E. Mullen who is engaged as an architect in Toledo, came home for a few days with his family here.

Ray Altman of Lima, is spending a short time at Put-In-Bay, on Lake Erie, and while there is registered at Hotel Commodore the chief hotel of the island summer place.

Mrs. H. Blankenship and Miss Louis Blankenship, 848 W. Market-st., are in Delphos, called there by the death of Miss Clella Colbert.

Mrs. Catharine Weaver and son, 800 S. Metcalf-st., have gone to Omaha and Denver, where they will spend the remainder of the summer.

Mrs. A. L. Richmond and Mrs. B. E. Tabler and daughter, Virginia, 223 S. Pierce-st., have returned from a visit with Mrs. C. A. Bookwalter in Indianapolis.

Mr. and Mrs. B. F. Thomas, 1205 State-st., are entertaining Mr. and Mrs. Walter J. Thomas, daughter Frances and son Theodore, of Constantine, Mich., and Mr. and Mrs. Alvan Thomas, son Glen and daughter Avis, of Kalamazoo, Mich.

The Misses Geitrude Boose and Betty Laughlin will entertain at bridge at Miss Boose's home, 1209 W. Market-st., Friday afternoon, as a courtesy to Miss Bess Sharpley, bride-elect of next Wednesday.

## HOSTESS GOWNS

Hostess gowns are new in name, at least. They are located sartorially somewhere between the negligee and the dinner frock. They are on long sweeping lines and have a certain attractive, sketchy effect.

## NEW HATS

At Lennox, the fashionable watering place, it is said that fully 50 per cent of the women have bobbed hair held in place by a bandeau. Few hats are seen.

## METALS

Silver and gold in any lace or solid cloth are strongly recommended for fall use. Often the lace is used over colored satins and crepes.

## LEARN A WORD A DAY

TODAY'S word is ANTI-DOPE.

It's pronounced anti-dot, with accent on the first syllable. The a and i are short and the o long.

It is most commonly used as a noun, and means remedy for poison or other evil. As a noun, it is used with "against," "for," or "to." But it may also be a transitive verb, thus "He could not antidote the poison."

It comes from the Latin antidotum, derived from the Greek "given against."

It's used like this: "Republicans are the antidotes for oppression."

# WHOM SHALL MOLLY MARRY?

## Molly's Elopement Plan Is Upset

By ZOE BECKLEY

At sight of the woman with Ben and hearing her piercing cry, Molly's consciousness all but left her. Don, too, appeared stricken.

Only Ben Wheeler remained unaffected. "Lella, oh—" stammered Don, "for heaven's sake stop it!"

He tried to take her arms from about him, to still her sobbing repetition of his name.

Molly tried to pity her—she was so cheerily and pathetically gotten up for effect, so obviously of the theater, so evidently the desperate woman who throws her whole life into one thing—and sees it leaving her. Without warning, she turned upon Molly:

"You doll-faced little thief, how dare you try to steal him from me! It's I he loves. It's I he promised to share his life with—success—New York—London—the lights—"

so thrilled her from Don's lips, the promise she thought she alone had inspired.

Curious stragglers from the station platform were closing in upon them, staring. Don Manning, hero of many a dramatic scene, cut no heroic one in this. Despite the handicap, his actor's instinct ruled. "Molly!" His voice was tense and low. He bent toward her with the glow of sincerity in his handsome face.

"Oh, Molly, every word I've said to you came from my heart. I have every right to love you. What I feel here—" he touched his breast—"I can control no more than the lightning. You are all that counts in my life."

"You may despise me, Molly. You—you may hate me, Lella. But love cannot be controlled. Molly—oh, my dear, what are you going to do with me!"

Lella had drawn apart. Her breath came pantingly. In her eyes was fear that knew no words. Her glance was darting to left, to right, like a haunted animal, stricken and desperate.

Don was too absorbed in Molly to notice. Molly's face was turned in wretched humiliation away from the crowd.

The Pittsburg Express rumbled in the distance—closer, louder. Lella seemed for an instant petrified, as the engine's brilliance blazed in her white face. Then it was as if it touched off some spring of madness in her.

Without a cry she backed away from Don and Molly, her eyes wildly intense upon Don's. Then, with a frenzied scream and the speed of a terrified creature she turned and ran toward the oncoming locomotive.

## STRING BEAN

"String bean" trimming doesn't sound intriguing, but it is being used extensively on coats and wraps of silk. It consists of little ornaments which look very much like the humble vegetable after which they are named. They are arranged in a ruff effect about the neck.

## HATS

Paris predicts hats will become much larger—that being the natural development when skirts are long. But if skirts in America stay short, as they threaten to, it is a natural conclusion that hats here will remain small.

WITH A FRENZIED SCREAM SHE TURNED AND RAN TOWARD THE ONCOMING LOCOMOTIVE.

It was Molly's voice that pierced the air: "Oh, my God, Don! Save her!" And she bent her face in her hands. (To Be Continued) (Copyright, 1922)

# SPORT CORES

The pitcher curved a fast one. The batter took a strike. The catcher caught the baseball—Suppose you've seen the like.

Francis Ouimet will not compete for the national open golf title at Akokie, it was announced at Boston.

Altho the Pittsburgh Pirates knocked the old theory to the skies, some critics still believe: "As they are on the 'Fourth,' so they'll finish."

As far as the Nation league is concerned it looks like the Giants are in. The American League leaders, the St. Louis Browns, do not appear so strong because of the comeback of the erratic Yankees.

For the third time in as many days, the St. Louis Browns and Boston Red Sox divided double headers yesterday, the former taking the first 5 to 4 in 13 innings and the latter the second 4 to 3.

Cincinnati is already thinking of the place her Reds will train next year. The fans down there evidently think they need it. The place has tentatively been picked at Orlando, Florida.

If the Reds go good against the Brooklyn Dodgers, who opened a series at Cincy today, they have a swell chance of breaking into that division. They profited much at expense of the Phillies.

He was a diving master. And had no one to thank Except the old pool tender. The guy who filled the tank.

Officials of the Chicago and New York American league teams denied rumors they were contemplating a deal whereby Babe Ruth and other Yankees would become property of the Sox in return for Amos Strunk, Eddie Collins and a big purse.

The Ministers' State Anti-Fire-fight committee of the Christian church in Jersey City met yesterday and took steps to prevent the hunt between Benny Leonard and Lew Tendler, July 27.

Pitcher Dana Fillington of the Boston Braves was the tenth player from Hometown to go on the hospital list when he slipped yesterday at Chicago while fielding a roller and wrenched his right knee.

# WALTER PERRY DISPUTES JIMMY DUNN'S CLAIM

## Says Title Is Don's

JIMMY DUNN's claim for Al Corbett, his pet bantam, as champion of Ohio, has met with vigorous opposition from Walter Perry, manager of Leon Baxter, local boy.

Walter says Baxter is the only boy in the state who has a just right to the title, and will continue to claim it until Corbett or some other bantam that goes and can make the fight right beats him under a club and referee where decisions are given.

"We do not want to take any credit from Corbett, as we know he is a good boy and gave Baxter the hardest fight in his class that he has ever had, but we do claim that he never did defeat Don. He is right when he says that they met in Toledo and the papers gave Corbett a shade, but his claim that he knocked Baxter down and won by a knockdown is all wrong, as Don was neatly caught in the last round and sent to one knee. He was up before the referee had a chance to give him a count, so the knockdown counted only as a point, the same as the he had not gone to his knee," Perry says.

Don's record is, as good, if not better, than Corbett's. He has won and defeated every bantam in the state with the exception of Eddie O'Dowd, Sammy Sawlow's home is in Newport, Ky., and Tremaine is a Michigander, only O'Dowd is left in the way.

A FLYWEIGHT?  
O'Dowd excused so far, Perry says, is that he is a flyweight and not a bantam and that Baxter is too heavy for him. He has refused to give him a chance and seems to have taken the advice of his brother Phil not to meet Baxter, as it was by defeating Phil O'Dowd at Coney Island that the Lima fighter laid claim to the Ohio title, the local man declared. Baxter did not claim the Buckeye championship thru a defeat handed Johnny McCoy, as stated by Dunn, according to Perry.

## ST. MARY'S LINEUP CHANGE RUMORED

Extensive changes in the lineup of the St. Mary's Athletics will take place, it is rumored, for the club's appearance in Lima Sunday against the Independents.

Partell, a good pitcher but unpopular with the other players, is destined to go with human, a Toledo backstop. It is also said the outfield, composed of Yeager, Weiser and Solman, a former Dayton Triangler, will be changed.

## FOUR RACES TODAY AT FT. MIAMI

TOLEDO.—With four races on today's Grand Circuit card at Fort Miami, including the Tecumseh and Sherwood stake events in addition to two unfinished on account of yesterday's storm, the competition was to be started at 1 o'clock.

Jackson Grattan ruled favorite in the 2:07 pace as the result of his win at North Randall last week but he had a ten-stride field lined up against him.

## SUZANNE'S TITLE NOT QUESTIONED

Mlle. Suzanne Lenglen so decisively and convincingly defeated Mrs. Mollie Mallory in the British national tennis championships Saturday that her right to the title of world's championship cannot be disputed.

When she is on familiar courts, on her real game, the French girl is the greatest player in the world. She knows more of tennis and can do more than any other player in the game.

Mrs. Mallory has been reported as suggesting that her opponent come to the United States for the American championships this summer.

It is considered very unlikely that Suzanne will ever come back to America to play after her unfavorable experience here last summer.

## WIN MIXED DOUBLES

WIMBLEDON, England.—In mixed doubles here yesterday, Pat O'Hara Wood, Australia, and Mlle. Suzanne Lenglen, the woman singles champion, defeated Dean Mathey and Mrs. Mollie Mallory, United States, 6-2 and 6-1.

MARTIN WINS DECISION  
BOSTON.—Vincent "Peper" Martin, Brooklyn featherweight, won decision over Gene Delmont of Memphis.

## Pete Donahue Is Best Big League Young Pitcher

(By BILLY EVANS)  
WHO is the best young pitcher that has broken into the National League in years?

There doesn't seem much doubt as to the answer to that question. Pete Donahue of the Cincinnati Reds is unanimously conceded the honor.

Three years ago Donahue was pitching for a small college team down in Texas and doing a mighty good job of it. His fame, however, was little known even in his own state.

Today Pete Donahue is one of the most talked about pitchers in the game. He is regarded as one of the stars of the National League.

Only recently Manager McGraw of the New York Giants caused the sporting spotlight to be focused on the young collegian from Texas.

"If Donahue were played on the market I would willingly bid \$100,000 for him. He is the best young pitcher that has broken into the National League in years. If the Giants had him the pennant would be cinched."

A FINISHED PITCHER  
Recently while umpiring in New York I bumped into Billy Murray, famous as a big league manager and scout. Our conversation drifted to the pitching end of the game. We started discussing the recruits, when Murray blurted out:

"When you start talking about 'rookie' pitchers, this young fellow Donahue of the Cincinnati club has them all stopped."

"This fellow Donahue has everything. He reminds you a bit of the late Addie Joss in build and delivery. He has speed, a fine curve and a beautiful change of pace. In Donahue the Cincinnati club has another Mathewson."

HOW BARRETT LOST HIM  
The Cincinnati club acquired Donahue in a rather unusual manner. Charlie Barrett, scout of the St. Louis Cardinals, was not on the trail of Donahue for Riskey. Here is the story Barrett tells of how he lost him:

"A nice new automobile was the

PETE DONAHUE

turning point in the chase for Donahue. It seems the Cincinnati scout learned that the Donahue family had a longing for an automobile. He was instructed to present the Donahues with one.

## Quartet of Clubs Have Chance to Cop if Favorites Break

(By BILLY EVANS)  
THE New York American League club was the unanimous choice of the experts to repeat. Will it come thru?

The team has a great pitching staff, a strong offense and a good defense. That trio of assets should be enough to win.

The New York club has just passed thru a very critical period of depression. On its first tour of the west, the Yankees started in fine style by winning three straight from Chicago. Then came the big slump.

After losing the final game to the White Sox, an even split was the best the Yankees could do in St. Louis. Then came a real jolt at the hands of the Detroit Tigers, the losing of four straight. An even split followed in the four games at Cleveland.

Thus the best the Yankees did on the first invasion of the west was to win seven and lose nine games, a rather poor showing.

Then came a five-game series with the Boston Red Sox. It was believed this series would start the Yankees on the right road, as the Bostonians had been going poorly. Again the Yankees failed, by losing four out of five.

The series that followed with the Athletics has helped right the club, and possibly has got Ruth into his stride.

The Yankees are certainly due to brace and hit their stride. It is

much too strong an aggregation to be used as a doormat by clubs much inferior.

Possibly there is an inside reason

for the slump of the Yankees that has not been made public. Possibly the spirit and morale of the club is such that it may not get back into its pennant winning stride. I rather doubt it.

However, should the Yankees fail to run true to form and stay out in front, the present campaign in the American League is made to order for some dark horse to slip in and win the pennant.

St. Louis, of course, is a close second choice to the Yankees, but the strength of Washington, Chicago, Cleveland and Detroit is so nearly even that any one of the quartet has an excellent chance should either of the two favorites, New York or St. Louis, break.

Any of six clubs in the American League that gets consistent pitching has a chance.

## Fred Merkle's Blunder, the Most Costly Ever Made

USUALLY failure to follow some simple rule of baseball produces the worst kind of bonehead plays on the ball field.

Ninety-nine times out of a hundred, the failure to properly complete the play, is not due to lack of knowledge, but rather to sheer carelessness on the part of some player.

Failure to touch a base is the easiest way to create a bonehead play. As long as baseball is played players will continue to fail to touch the bases.

If such failure does not prove costly, the omission is soon forgotten. Otherwise the careless player goes down in history in the list of "boneheads."

In all probability the most costly failure to touch a base is charged to Fred Merkle.

It was the ninth inning, the score was tied, two were out, and runners were on first and third. Merkle then playing first base for the Giants, was the runner on first.

This retired the side and the rules

state no runs can score on a play in which the third out is a force play. That erased the run that apparently had won the game.

The game was never finished, as it ended in a tie score. New York and Chicago tied in the pennant race that year. It was necessary to play an extra game to decide the championship. Chicago won the game and the right to play in the series.

Merkle's "bone" was the costliest ever made. Had he touched second the Giants would have won the pennant. The owners would have realized a small fortune and each player a fancy figure.

GREB SUCCESSFUL  
PHILADELPHIA.—Harry Greb, of Pittsburgh, successfully defended his light heavyweight title in an eight round bout with Tommy Loughran, Philadelphia middleweight.

SAFETY RAZOR

## SEVEN ADDED TO CLUBS

Managers of the four clubs in the Lima Business Men's Baseball league decided at a meeting Monday to permit seven new players to appear on the Lion and Elk lineups. They are additions, for the most part, to the lists of 25 eligible players certified by each club at the beginning of the season.

For the Lions Fred Boop, pitcher; Marion Burke catcher and Carson Mertz, outfielder were agreed upon. The Elks have added Hobart Mumaugh catcher; Bill Kruskamp, pitcher; "Dutch" Schroeder, first baseman and Bruce Reynolds, outfielder.

Approval of these men was made under a recent ruling of the league that the four managers have the power to pass on all new players who seek entrance into the league ranks.

A few of the seven had been entered on the original lists, but were ruled eligible by playing professional baseball.

## LYNCH LIFTS BANTAM HALO

NEW YORK.—Joe Lynch, cool and calculating, held out a good left arm last night and permitted Johnny Buff to knock off his own crown, the bantamweight championship of the world.

It was apparent in the early rounds when Buff found himself unable to land the devastating short blows to the ribs that it was one of those rare occasions where an ex-champion "comes back."

Buff landed comparatively few blows and missed often. His hope was a knockout, but his swings were far wide. He had weakened so perceptibly that Lynch sent him crashing to the floor when they flew together in the 14 round.

SHADE LICKED  
ALBANY.—Tommy Robson of Boston, won the judges' decision over George Shade, Pacific Coast middleweight in 12 rounds.

## Cards Edge Near Top

NEW YORK.—The rampaging St. Louis Cardinals were leading New York Giants today in a rout of another devastating attack by Rogers Hornsby and his big bat. The great second sacker, twenty-second homer of the season, with two on bases, clinched the Cardinals' seventh straight and fifth in a row over the Brooklyn Dodgers 4-1.

The Giants, after coming close to a league record by punning three Pittsburgh twirlers for 23 hits and a 19-2 victory in the first game, lost a 5-4 decision to the Pirates in the second contest. The slugging achievement of the winners in the first game is one better than the American League mark held jointly by Detroit and Philadelphia, but is eight less than the old National League record, set by Philadelphia against Louisville in 1894 and there below the mark established by the Giants in 1901 against Cincinnati.

CUBS' FIFTH  
The Chicago Cubs took their toll straight from Boston, 4-0, and strengthened their hold on third place as Brooklyn continued its slump.

Two records almost unique in the annals of the game marked Detroit's 6-2 triumph over Washington. Each of the ten Tigers in the lineup registered one hit while the Washington outfield scored only a single point.

St. Louis was unable to gain on the Yankees who were idle, the Browns dividing their third struggle double-header with Boston, taking the first in 13 innings, 5-4, and dropping the second, 4-3. Incidentally, five of the six games have been decided by a single run. The leaders start an important series with New York today with a margin of a game and a half at the top.

Harris twisted the Athletics to victory over the White Sox 5-1 while Cincinnati won a slugfest match from the Phillies, 11-7.

SHANNON BEATS MARS  
COLUMBUS.—Eddie Shannon, lightweight, won judges' decision over K. O. Mars, Cincinnati, in a 12 round bout.

# Why the Silvertown Cord stands alone

FIRST and foremost, because it wears longer, because it looks better, and because, mileage considered, it costs less than any other tire at any price.

It is the pioneer cord tire.

It established the use of cord tires in America.

Its makers developed and proved every advance in cord tire construction.

It has always held the leadership.

It won its position by its quality.

It is not merely a "cord tire." It carries with it all the meaning associated with the words "Goodrich Silvertown Cord."

The Silvertown safety tread not only guards against accidents but adds to the miles and wear in the tire.

It has in it all the good faith, good will and good workmanship of Goodrich.

You can get it in any size, from 30 x 3 1/2 up—and each and every Silvertown is the same quality throughout.

Your Goodrich dealer will supply you now.

Conference on Rail Draft  
This Week, Bingham Says

MAN CARS ARE PLANNED

ity of Interests Not Dis-  
closed by Cable

nal conferences on the proposed  
railway franchise will be  
within the next few days. C. A.  
ham, city manager, informed D.  
able, representing street railway  
ests, Tuesday.

nal draft of the proposed fran-  
chise will be worked out and the  
es represented by Cable told  
the city will expect of them,  
ham said.

ly a few minor details are still  
being worked out and it is believed  
can be cleared up at one con-  
ference. Main details of the fran-  
chise have been decided upon.

soon as the measure has been  
formally agreed upon, the street  
way interests, who have not  
named to date, will incorpor-  
their company and make a for-  
bid for the franchise, Cable  
said.

E IN PROSPECT  
is understood that negotiations  
under way for the sale of  
Ohio Electric property, but that  
deal will not be effective until a  
factory franchise is assured, he  
said.

s it now stands the company will  
require to spend \$200,000 in  
building the lines and in the pur-  
chasing of one-man  
cars. These requirements must be  
met immediately after the fran-  
chise is granted, as now planned.

ates will be kept at the present  
of seven cents cash or nine  
cents for 50 cents. Should the  
pany earn more than eight per  
cent at this rate the fares may be  
reduced, the proposed franchise pro-  
visions provide.

ten interested in the purchase of  
Lima plan believe they can op-  
erate the property at a profit if mod-  
ern equipment is installed. Cable  
said at the present time it is op-  
erating at a heavy loss, he said.

ROTEST PLANNED

ikers Declare Defective Equip-  
ment Used by Railroads

COLUMBUS—(United Press)—

riking railroad shompen declared  
e would protest use of defective  
equipment here today.

Chairman Charles L. Smith of  
e N & W. will make a formal  
nplaint to the district attorney,  
said.

H. Hamilton, chairman of the  
oking Valley shompen, issued a  
arning against travelling on trains  
nder the present system of opera-  
tion.

Smith asserted that in using  
equipment with "so little care,"  
e roads are violating the inter-  
state commerce commission's safe-  
ty rules.

Officials of the various roads op-  
erating in Ohio, however, were  
outing in their denials that the strike  
id in any way lowered the factor  
safety.

Smith claimed to have the num-  
ers of two engines that were sent  
it over the N & W. today with  
fective air brakes.

VERNMENT WILL AID

CITY IN RUNNING DOWN  
TERRORISTS AT AKRON

AKRON—(United Press)—

The United States government will join  
a chase of alleged bootleggers,  
to have written threatening let-  
ters to Akron prohibition enforce-  
ment officers, it was indicated here  
day.

Master Nelson Sparks asked  
copies of the threats which  
were sent thru the mails, he given  
in so he may assign a postal in-  
spector to trace them.

Meantime, the "reign of terror"  
must officials by alleged bootleg-  
ers will be met by further raids un-  
der the direction of vice squads, au-  
thorities said.

This announcement followed a  
eting of Lieutenant Frank Mc-  
ure whose home was wrecked by  
ombs, Mayor D. C. Rybolt, who has  
ceived several threatening "black-  
mail" letters, and Chief of Police  
ohn Durkin.

HELD ON BUN CHARGE

DELPHOS—A quart of illicit liq-  
or was found at the home of Ferdi-  
and VanArcher when police raided  
e place. VanArcher pleaded not  
guilty to possession and was bound  
to the Allen-co grand jury in  
100. This is the third time Van-  
Archer has been arrested for viola-  
tion of liquor laws.

FRENCH TO REMAIN.

PARIS.—France has decided to  
ep her experts at The Hague un-  
til the end of the conference on Rus-  
sian affairs there, it was announced  
n official circles today.

WILL CALL BIELASKI.

MEXICO CITY.—A Bruno Biel-  
aski will probably be called with-  
in 48 hours to appear before the  
Mexican court which is investi-  
gating his recent kidnapping. Ar-  
rest of the former American offi-  
cial is not expected but it is said  
hat he may be requested to assist  
in the final work of investigation.  
Bielaski is now making preparations

Reporter Locates Podunk For  
Lima Postoffice "Nixie Man"

It's in Massachusetts, Alright;  
'Cause Map Says So

MAIL CLERK GIVES IT UP

Slabtown and Lock Two Puz-  
zlers for Mail Handlers

"What's that?" demanded a clerk at  
the stamp window of the Lima post-  
office, all attention, when a patron an-  
nounced that he wanted to send a let-  
ter to Podunk.

"Podunk?" he repeated, as if unwill-  
ing to believe that he had heard.  
"Yep," responded the inquirer, who  
was none other than a bold newspaper  
reporter.

"What are you doing, kidding some-  
one with old vaudeville stuff? I sup-  
pose you heard of that town in a the-  
ater or a funny paper," said the clerk.

"No, now Mr. Clerk, come on, tell  
me where it is. I'm really in earnest  
and the boss wants to know."  
CLERK IS SKEPTICAL

"Well, if that's the case I'll look it  
up, but I don't believe there is such a  
place."

So the clerk went back and thumbed  
over the lists, which include all the  
favorite vaudeville wheezes such as  
Hackensack, Kalamazoo, Ishpeming,  
Oskosh and the rest of those odd-  
named hamlets.

He returned to the counter.  
"There's no such place and I don't  
care what your boss says. It isn't in  
the book," quoth the clerk.

"Well, if it isn't there, you've got to  
find it some place for me, because  
when a reporter is sent out to find  
something, the popular belief is he's  
just got to find it, that's all. Now find  
me a Podunk in a hurry."

Then the clerk turned to the last re-  
sult and shouted to the "nixie man" of  
the postoffice, who gets all the tough  
addresses to decipher. He lent an ear.

"This fellow wants one Podunk, rare.  
Can't you find him one?"

The "nixie" lived up to his title and  
declared that the postoffice was just  
out of Podunks.

Then the reporter sprang his coup.  
He produced a map and an article tel-  
ling all about the famous town of Po-  
dunk in Massachusetts, a hamlet of  
200 people, in Worcester-co. It is 257  
years old. Further information was  
to the effect that it is near East Brook-  
field, Mass.

SLABTOWN, TOO  
"O, that's it," said the clerk. "It  
must be like Slab Town. Mail inter-  
ested for Slabtown comes to Lima. Mail  
for Lock Two goes to New Bremen.  
Spect Podunk gets its mail in East  
Brookfield."

Then the reporter told the clerk that  
Podunk, according to the historians, is  
Indian for "burning meadow," the  
place where Indians burned their vic-  
tims at the stake.

The reporter wanted to drop a pic-  
ture postal of Lima's new garbage dis-  
posal plant to Mr. Drake, the grocer,  
telephone operator, police and fire  
chief and overseer of the poor for Po-  
dunk, Mass., who might be interested  
in plans.

"Mail it," urged the clerk, "put on  
directions and we'll try to get it there  
somehow."

CLEMENTS ASKS ROAD

WORK BE SPEEDED UP

Speeding up construction of 28 1/2  
miles of state aid roads in Allen-co  
was the object of a meeting held be-  
tween G. F. Clements division en-  
gineer and 10 inspectors held in the  
highway offices, Domestic building,  
Monday night.

The meeting was an initial con-  
ference to iron out difficulties which  
may arise in pushing the program  
thru.

Meetings will be held on the third  
and fourth Monday of each month.  
Clements told his inspectors to lay  
any problems they cannot solve be-  
fore him at the conferences.

BILLARD FACES CHARGE

OF ILLEGAL "JAKE" SALE

R. W. Billard, 20, of 210 E.

NABHOLTZ IS SEVENTH  
IN QUALIFYING ROUND

Larry Nabholtz, the professional  
at Shawnee country club, was sev-  
enth in the qualifying rounds of the  
National Open golf tourney yester-  
day being held in Chicago. Re-  
garding his play the Tribune said  
"Larry Nabholtz, of Lima, was  
somewhat of a surprise. He is com-  
paratively unknown, but shot two  
consistent rounds in 38 and 37  
with no freaks nor eagles. "Hutch-  
ison, Brady, Barnes, Mitchell,  
Creavey and Kirkwood were the on-  
ly ones making a better score than  
Larry who was 12 places higher in  
the score than Chick Evans him-  
self.

WASTE DEPLORED  
BY JOHNSON

Thrift and Economy Essential,  
Candidate Declares

ZANESVILLE, Ohio — (Associ-  
ated Press) — Thrift, economy and  
industry must be the practice not  
only of individuals but of states and  
nations, Judge James G. Johnson,  
candidate for the Democratic nomi-  
nation for governor, declared in an  
address before the Rotary Club here  
today.

"The enormous waste and ex-  
travagance in our public affairs  
must cease," said Judge Johnson in  
recommending that efforts be made  
to increase trade and commerce of  
the country which he declared were  
the sources of the means of payment  
of the country's debts.

"At no time in the history of Ohio  
has it been so vitally important that  
a just and equitable system of tax-  
ation be devised," Judge Johnson  
declared. The remedy however,  
was not to be found by inventing  
new forms of taxation or by shifting  
the burden, he said, but "by the  
application of the principles of jus-  
tice and equality in the placing of  
public burdens and by firm, unyield-  
ing insistence upon intelligent, con-  
structive and not destructive econ-  
omy."

The whole problem was one of  
plain business management, Judge  
Johnson concluded, "and the people  
of Ohio must realize that this year  
business is politics and politics is  
business."

DUFFY SEES J. G. JOHNSON

THIRD IN GOVERNOR RACE

Thomas J. Duffy, East Liverpool,  
Democratic candidate for the Guber-  
natorial nomination, was in Lima  
Monday night, en route to Columbus  
from Delphos, where he addressed  
the Kiwanis club during the day, on  
the workmen's compensation law.

Duffy met a few local Demo-  
crats at the Norval Hotel for a con-  
ference in behalf of his candidacy. He  
is reported to have expressed the  
opinion that the fight is between  
himself and Donahay in the August  
8 primary and that Judge Johnson  
will be third in the race.

MUTT AND JEFF—THE BOYS BECOME INTERESTED IN FINANCE—

By BUD FISHER

BRINGING UP FATHER—

By McMANUS

## SHORT SHAVINGS

Miss Ruth Keating, stenographer at City Hall, listened to a salesman who tried to interest her in what he called plant food. He said it would make flowers grow. But she wasn't interested. She explained she wasn't growing flowers. "It makes a good silver polish, too," urged the salesman. "This wonderful material is good for almost everything."

Joe Reed, desk sergeant at police headquarters, had a cold. He rubbed his chest with a preparation of mustard. He woke up in the night, and rubbed it again. He felt much better then. In the morning he found he had made a slight mistake. He had picked up the wrong jar in the night. Instead of rubbing his chest with mustard, he rubbed it with some black stuff somebody used to lubricate his bicycle.

R. R. Trubey, assistant county prosecutor, stopped to talk to a clerk in the penitentiary office at Columbus. "How do you like it," he asked, "being so close to murderers and all such criminals?" The clerk said, "I don't mind it." Trubey said later to Warden Thomas: "Nice chap, that clerk." Thomas agreed, then added: "He's a trusty. Convicted of murder, and in for life."

George Metheny reports a neighbor who was presented with a fine lot of cannas. He planted them early this spring in his home garden. "I made a mistake in not planting them along the front of the house," he says. "I planted them on both sides of the walk. It's hard to wade thru them sometimes, since they've spread out so and grown so high."

## U. S. RADIO COMPASS PROTECTS LIVES AND SHIPS

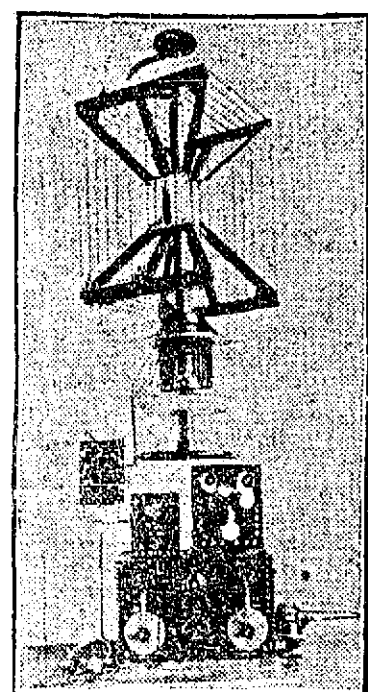

Stationed at isolated points along the United States coast line are small huts to which may be credited the saving of many lives and vessels. These huts enclose a radio instrument that has made coast navigation safer and surer. It is called the radio compass.

The operation of this instrument is such that a ship that has lost its bearings at sea could easily learn its position by aid of the radio compass. In heavy fog and dangerous waters, along rocky shores, the compasses are of especial value.

Many of these compass stations have been erected. Their range is over 200 miles. They are situated at the most dangerous points along the coast, desolate locations where it has been found necessary to protect shipping from destruction.

CHICKENS, PIGS STOLEN ST. MARYS — Two hatched rock roosters and 23 hens are missing from the Louis F. Deale premises, six miles north of here. Three spring pigs were also stolen from the L. A. Toler farm.

Dorser's for fruit and vegetables.

## PARALLEL WIRES WOUND ON COIL MAKE SIMPLE FIXED CONDENSER

By PAUL F. GODLEY  
America's Foremost Radio Authority

Fixed condensers are indispensable in experimental work with radio.

To construct them with tin foil, paper, copper and mica usually takes considerable time. Unless one has had some experience, the method is clumsy.

There is an easier way and one fully as effective.

If two conductors, regardless of their shape, are separated by an insulator or by air they will possess electrostatic capacity. The greater their area the greater this capacity.

Condensers which are suitable for the grid condenser of the vacuum tube, the "stopping" condenser of the crystal detector set, the telephone "by-pass" condenser in the vacuum tube set, and even the fixed condensers in the antenna circuits of the receiver may be made by winding two parallel wires on a small tube or spool. To prevent clumsiness where a fairly large

value of capacity is required the wire may be put on in several layers.

After the winding is in place, dry out the whole by placing in a warm oven for a few minutes, and then coat quickly with thick shellac or insulating varnish.

Two pieces of No. 26 double cotton covered copper wire six feet in length wound side by side on the form will provide a fixed condenser suitable for many uses.

## RADIO PRIMER

HETERODYNE — Production of undamped electric oscillations in the receiving circuit, of nearly the same frequency as that of the waves which are being received. The combined action of both these frequencies causes an audible beat in the telephone receivers. Signals are heard during the production of these beats.
